10 – Suspension or Cancellation of qualification by Canada

In addition to the circumstances identified in 2020 09 of the General Conditions 2020, Canada may, by sending written notice to the Supplier, suspend or cancel the Supply Arrangement (SA) where the Supplier has made public any information that conflicts with the terms, conditions, pricing or availability of systems identified in this SA, or where the Supplier is in default in carrying out any of its obligations under this SA.

If an identified user (also known as a client department) notifies the SA Authority that they have terminated a contract for default with a pre-qualified supplier, under General Conditions – Supply Arrangement – Goods or Services 2020 09 1(b), the SA Authority may do the following:

First default: provide a written warning to the pre-qualified supplier, outlining the repercussions should this happen again.

Second default: suspend the SA of the pre-qualified Supplier for a period of three months upon written notification to the pre-qualified Supplier. The written notification will indicate the date on which the suspension will be complete.

Third default: suspend the SA of the pre-qualified Supplier for a period of six months upon written notification to the pre-qualified Supplier. The written notification will indicate the date on which the suspension will be complete, and in the case of multiple suspensions, confirm the number of suspensions the pre-qualified Supplier has already received;

Once each suspension is over, the pre-qualified Supplier will be advised in writing that their SA will be re-activated.

If Canada gets notified of a fourth default, Canada will terminate the SA with the pre-qualified Supplier who now becomes a former pre-qualified supplier. The former pre-qualified supplier must then wait one year before they
