## AMENDMENT 001

This amendment aims to announce a **MANDATORY SITE VISIT** on **Thursday, January 7, 2021.**

Also, this amendment aims to publish questions and answers and to postpone the closing date to Thursday, **January 14, 2021, at 02:00 PM EST.**

### **INSERT:**

#### **PART 1 – GENERAL INFORMATION**

##### **1.6 Mandatory Site Visit**

It is **mandatory** that the Bidder or a representative of the Bidder visit the work site.

Arrangements have been made for the site visit to be held on January 7, 2021. The site visit will begin at 10:00 a.m. EST and it will be held at the address below:

Hovercraft Base  
7100 Rue du Pont  
Trois-Rivières, QC  
G9A 6M2

Bidders must communicate with the Contracting Authority **no later than January 5, 2021 at 6 p.m.** to confirm attendance and provide the name(s) of the person(s) who will attend. Bidders will be required to sign an attendance sheet. Bidders should confirm in their bid that they have attended the site visit.

**Bidders who do not attend the mandatory site visit or do not send a representative will not be given an alternative appointment and their bid will be declared non-responsive.** Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation.

#### **Questions and Answers**

**Q1 :** Before making this request, was the feasibility of this mezzanine made by an architect who made all the necessary checks?

**A1 :** No.

**Q2 :** It is your responsibility to provide us with the thickness of the concrete floor. Confirm that the floor is not of the radiant type.

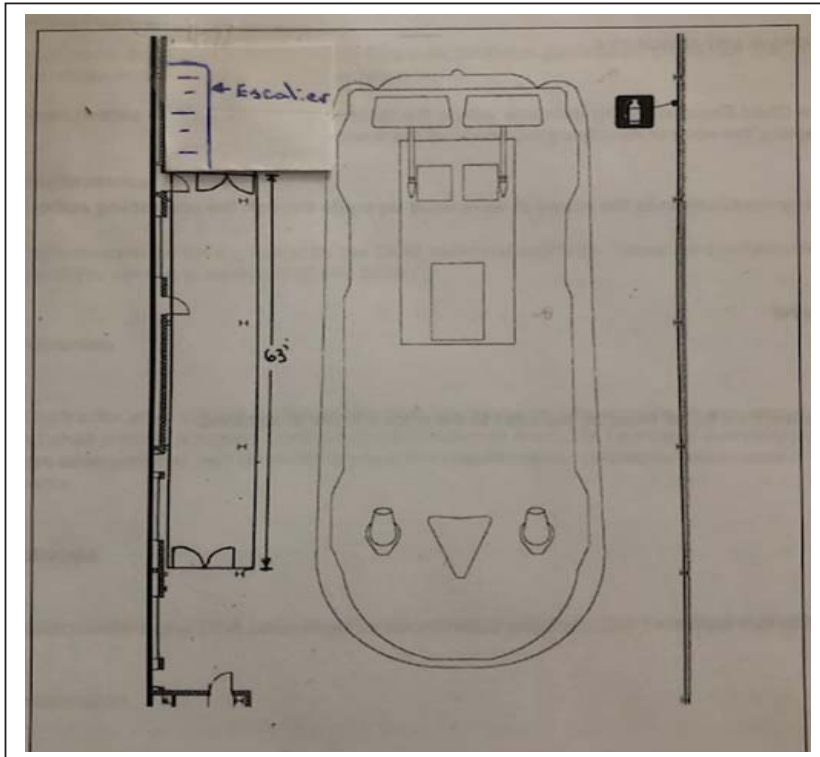

**A2 :** No, the floor is not a radiant type and it is 250 millimeters thick.

**Q3 :** Article 3.1.7 The requested safety barrier is no longer regulatory, a tilting type barrier must be installed which requires a minimum clearance of 84 "in height.

**A3 :** Height clearance is not a problem, we dispose of at least 20 feet of clearance above the mezzanine.

**Q4 :** Article 3.1.8 The Staircase should be located where on your drawing? In addition, it is your responsibility to check the municipal standards in force for its location and if only one staircase meets the standards.

**A4 :** The stairs should be located on the south side of the hangar, along the wall.

**Q5 :** Article 3.1.13 A site visit should be mandatory in order to take readings.

**A5 :** Yes, we will organize a mandatory site visit to allow action to be taken. See above, the article 1.6.

**Q6 :** Article 3.2 It is your responsibility to check the municipal regulations and to verify the conformity of the mezzanine with an architect.

**A6 :** Article 3.2 does not mention an architect. Would this question relate to Article 3.1.4?

**Q7:** Article 3.3 Final measurements will be taken for fabrication and installation after contract award.

**A7 :** Yes, we will organize coordinated visits to allow action to be taken.

**Q8 :** Please tell me if the mezzanine can be supported by the existing columns in the plan or if we need to provide the columns.

**A8 :** The mezzanine must be of the self-supporting and cannot in any case use existing structures for its support.

**Q9 :** Are there only guardrails at the left and right ends or at the front too?

**A9 :** There should be guardrails on all 4 sides. Please note the extremities must open to allow loading.

**Q10 :** What are the doors that you see at both ends? Opening guardrails?

**A10 :** Yes, access for loading with the forklift.

**Q11 :** Please confirm that there is no closing wall below the mezzanine.

**A11 :** What do you mean by a closing wall?

**Q12 :** Is a site visit possible before submission of the submission? Or if not photos (preferable in a Covid situation) which show the structural, electrical, plumbing obstacles?

**A12 :** Yes, we will organize a mandatory site visit in order to take measurements.

**Q13 :** What is the size of the garage door and what is the height inside the building?

**A13 :** All garage doors under the mezzanine have the following dimensions: 118 " (width) X 102 " (height).

**Q14 :** Where will the stairs be located?

**A14 :** See A4.

**Q15 :** Is a handrail required on each side of the stairs?

**A15 :** Yes.

**Q16 :** Is there a total of 63 'of guardrails?

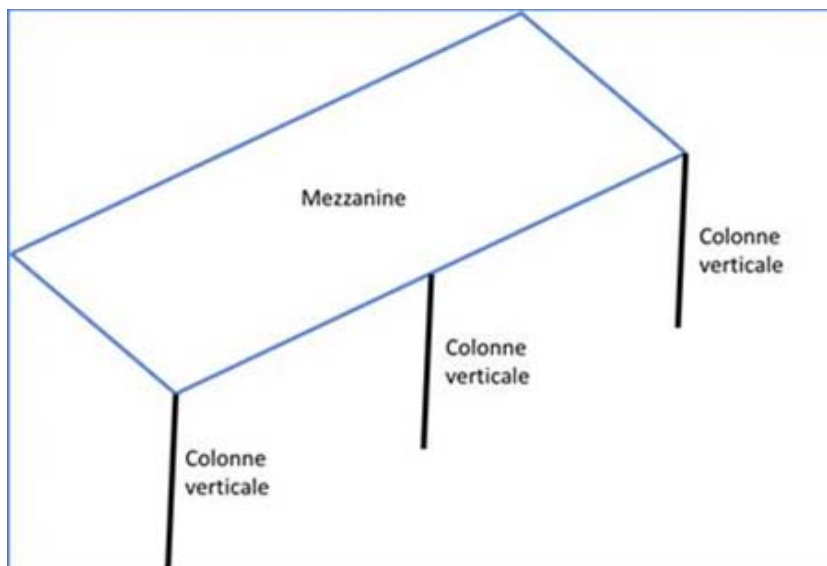

**A16 :** There should be guardrails on all 4 sides.

**Q17 :** Should the mezzanine cover surface be smooth steel sheet or should be smooth plywood? Is the use of plywood permitted?

**A17 :** Plywood supported by a steel structure guaranteeing a strength of 125 lbs. per square foot is permitted.

**Q18 :** Is it possible to have vertical columns towards the ground for the cantilever portion?

**A18 :** The mezzanine must be of the self-supporting and cannot under any circumstances use existing structures for its support. Yes, the mezzanine will need to be supported by its own columns.

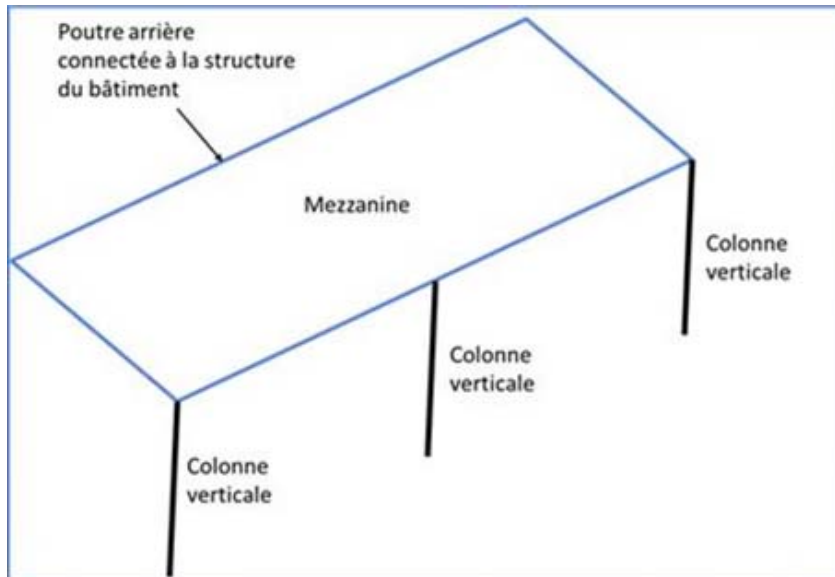

**Q19 :** The existing building has a steel structure and it can accommodate the rear beam of the mezzanine?

**A19 :** The mezzanine must be of the self-supporting and cannot under any circumstances use existing structures for its support.
