## Amendment 004

### A. QUESTIONS & ANSWERS

**Q10** Appendix B Price Proposal Form, Instruction No. 5b states the following “The hourly rate provided must be equal to or greater than the hourly rate provided for the position listed below it. For example, if the firm does not have an Intermediate Personnel, the hourly rate provided must be equal to or greater than the hourly rate provided for the Junior Personnel.” Based on this statement, there are several senior technician positions listed below a Junior Engineer position. In order to ensure that our proposal is not disqualified, please confirm the following:

- A) For the Roadway / Transportation / Materials Engineering discipline, please confirm if the rate for Senior Technician can be higher than the rate for Junior Engineer?
- B) For the Geotechnical / Material Engineering discipline, please confirm if the rate for Senior Technician can be higher than the rate for Junior Engineer?
- C) For the Structural Engineering discipline, please confirm if the rate for Senior Technician can be higher than the rate for Junior Engineer?
- D) For the Hydraulic Engineering discipline, please confirm if the rate for Senior Technician can be higher than the rate for Junior Engineer?
- E) For the Electrical Engineering discipline, please confirm if the rate for Senior Technician can be higher than the rate for Junior Engineer?
- F) For the Drafting / GIS discipline, please confirm if the rate for Senior Technician can be higher than the rate for Junior Engineer?
- G) For the Field Personnel, please confirm if the rate for a Surveyor (includes equipment), can be higher than the rate for the Junior Highway Supervisor?

**A10** Yes, the rates can be higher. Classifications have been grouped together for ease of reference.

**ALL OTHER TERMS & CONDITIONS REMAIN UNCHANGED**
