Amendment 004 is raised to:

- 1) update Tables 1 within the requirement Parts I, III, and V the requirement (see items 1) to 4) below) resulting from Question 11 from industry; and
- 2) update the list of attachments (see item 5) below) to replace the floor plan and drawing.

Question 11: We request that the additional highly-technical attributes introduced by industry through solicitation Questions 3, 4, 5, 6, and 10 be set aside because the Answers have changed the initial requirement dramatically and reduced the number of potential conforming products/bidders that could have bid on the original specifications.

Answer 11: See changes made to the solicitation, below.
