Questions and Answers:

Question 1

In the Basis of Payment on p.21, the estimated number of hours seems to be a mix of tutoring hours and self-study hours. We usually see a fixed licence fee for the self-study hours and an hourly rate only for the tutoring hours. Would it be possible to separate the self-study hours and the tutoring hours in the Basis of Payment?

Answer 1

It will not be possible at this time to separate the rates. The Basis of Payment will remain as is.

Question 2

At M2 on p.23, it mentions "*The Bidder must provide proof that all proposed resources have successfully passed a language assessment performed by the bidder by providing a copy of the assessment results.*" Should we submit a blank copy of the test and the results obtained by every proposed resources or should we provide the fully completed assessments containing the answers filled out by each of the proposed resources?

Answer 2

The results of each proposed resource will suffice. There is no need to submit the actual assessment!
