Description of the Requirement:

NRCan requires the services from a consultant or team of consultants (hereinafter referred to as the Contractor) with significant experience and demonstrated capabilities in engagement services using online tools and remote arrangements to facilitate discussions, as well as gather input and feedback from stakeholders on specific topics related to flood mapping and geospatial standards.

Specific objectives to be achieved under this contract are:

- Continued active engagement with key stakeholder groups for the Flood Mapping and GeoConnection programs to achieve the best possible outcomes of multiple complex initiatives.
- Maximise engagement opportunities through the use of flexible approaches (e.g. use of online tools, virtual meetings, etc.).
- Ensure that the various activities are planned, executed and reported on in a professional manner that yields the desired outcomes.

Level of Security Requirement: No Security requirement
