B. Question and Answer

Q1: Are there any wood components or wood signs needed for any of these projects?

A1: There are no planned permanent wood components or wood signs on the project.

Q2: I was just wondering if there will be a water source on site (tanks or spigot line) or should the unit be fully self-contained?

A2: Water withdrawal from the Beaver or Illecillewaet River may be done through a restricted activity permit application though approval is not guaranteed and shall not be relied upon. Water is also available adjacent the Rogers Pass Discovery Centre parking area from a hydrant to fill water storage tanks.
