Amendment 002 is raised to: a) publish questions and answers and b) extend the solicitation date to February 2, 2021 (2021-02-02):

Q9. Cat 1B, Item 4 - Will the Client also respectively accept a metal modesty
1bFFHREC30L72WNOANY?

A9. Yes.

Q10. Cat 3, Item 3 - Will the Client also respectively accept an 18"D storage cabinet?

A10. No, please bid as per solicitation.

Q11. Cat 6C, Item 4 - Confirming that you indeed want a standard seat height chair and not a bar stool as table 6Aa6 is standard height? This seems to match the GoCUID however the description says bar stool. Please advise?

A11. The GOCUID is correct but the description is not, it should be: Kitchenette chairs – standard height.

Q12. Cat 6C, Item 5 and Item 6 - Will the Client respectively also accept an option with sled base for added strength and stability at these heights?

A12. Yes, we accept:
For CAT6c, Line 5
6KBSBHXXLY15XXXRONX or 6KBSBHXXSY15XXXRONX

For CAT6c, Line 6
6KBSCHXXLY15XXXPONX or 6KBSCHXXSY15XXXPONX

Q13. Cat 6C, NSA Item 7 - With a height of 17"-20", is this just the seat or is the specification implying a seat without a back or very low non-functioning back? If the total back height is intended to be between 17" and 20"H then this could be achievable but cannot necessarily match Item 6Bb1 whose selection would suggest a specific manufacture/series offering when the criteria to select a model for the RFSA did not have this requirement. Please confirm back height if any and if an offering different to 6Bb1 will be accepted as per above.

A13. It is seat height as it is at a barrier-free counter height of 750 mm. Back should match 6Bb4.

Q14. Cat 6D, Item 4 - Will the Client respectively also accept a laminate or wood surface?

A14. A wood surface (stained to match wood millwork) is acceptable but not laminate.

Q15. Cat 6D, NSA Item 16 - Could you please elaborate why this item is NSA, 13"L seems arbitrary especially when there is already an existing GoCUID on the SA with approved dimensions that include these dimensional ranges 6CLTVAREXLW7<36ONXX? We would like to request the allowance of the aforementioned GoCUID in response to this item.

A15. A table less than 13" in width is not as functional for larger laptops. A depth of <36 for the standard GoCUID is too big. Please bid as per solicitation.

Q16. We noticed the Delivery and Installation tables for each category, subcategory or combination categories indicate "Start: 2021/05/14 to End: 2021/08/10" - Could you please confirm if this project includes delivery and installation phases? If so, could you please clearly outline for EACH category/subcategory/combination of categories the following information:

- a) the number of phases required,
- b) the approximate date of each phase
- c) which items and quantity of each item are required in each phase?

A16. Yes, there will be phases required for the delivery & installation.

On page 45 of 45 at ANNEX A – REQUIREMENT and BASIS OF PAYMENT

ADD: ANNEX E – DELIVERY AND INSTALLATION SCHEDULE

ANNEX E DELIVERY AND INSTALLATION SCHEDULE

	Location	Delivery And Installation	From	To
Level 02	ZIBI – BLOCK 211 125 Zaida Eddy Private Ottawa, ON Floors P2, 2 to 8	Delivery	14-May-21	18-May-21

		Installation	11-Aug-21	24-Aug-21

Q17. Will the shipping location be able to accommodate a 53 foot trailer for the delivery of the goods? If not, what is the maximum truck length the location is able to accommodate?

A17. As this building is under construction, we do not have further information on the loading dock. Canada DOES NOT recommend a 53ft trailer for delivery.

A moving truck 20ft – 26ft with lift gate is recommended.

Q18. The information regarding the dock was unclear in the bid documents. Could you please confirm if the location has a loading dock?

A18. Loading dock is not available until late August. The material and man hoist (outside construction elevator) is located at between gridlines 4X and 5X. See attached PDF of the base building Architect's plan and drawn red box of the location. File name: A2-010 Main Floor

Q19. Is street off-loading required?

A19. No.

Q20. The information regarding the freight elevator was unclear in the bid documents. Could you please confirm if the location has a service elevator? If not, would stair carry be involved?

A20. See response at A18.

Q21. CAT 6C, Item 3: 6CNTCHREGLW8606UYXX - will a laminate top be acceptable?

A21. Yes.

Q22. For Category 6a, Line 5. Would it be acceptable to bid a laminate table instead of the 6MMTLGRENW54144WYNX wood veneer requested?

A22. No, please bid as per solicitation.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
