Strategic Tanker Transport Capability (STTC) Project

Draft Invitation to Qualify (ITQ) No. W847A – 200275/C

Amendment 002

This amendment is raised to answer questions from Industry:

QUESTION #002:

Our company would like to meet with the Government of Canada to discuss our product line. How can this be arranged?

ANSWER #002:

At this time, the Government of Canada is seeking written feedback on the qualification requirements outlined in the subject Draft ITQ W847A-200275/C. Industry engagement is expected to occur later as indicated in this draft ITQ.

QUESTION #003:

My company would like to make a request concerning Canada's approach to Phase 3: "In-Service Support component: Respondents are notified that an In-Service Support requirement may be included at Phase 3 – RFP or may be procured independently via a competitive process."

When Canada is ready to assess the benefits of including In-Service Support (ISS) in the RFP vs procuring it independently, will Industry be invited to participate in the option analysis for the procurement approach to In-Service Support?

ANSWER #003:

The Government of Canada continues to evaluate and analyze the procurement of the In-Service Support component. Canada's intent is to hold industry engagement to determine the best open, fair and transparent procurement option that brings best value to Canada for the in-service support of the new fleet.

ALL OTHER TERMS AND CONDITIONS OF THIS DRAFT ITQ REMAIN THE SAME.
