Amendment 003

This amendment is raised to extend the bid closing deadline, to answer a question and to provide a description of each item on the solicitation. Suppliers requiring more information should contact the manufacturer.

Question: In relation to the Solicitation number W8486-217530/B, we have the following doubt. Do we have to offer Annex A - Options 1? Or do we only offer Annex A?

Answer: As per section 3.1.3.1 of the RFP – Pricing Multi-Item Bid Solicitation

Bidders do not have to quote a price for all items identified in the bid solicitation. However, Bidders must quote a price for all items with identical NATO Stock Numbers in order to be evaluated. Bidders may withdraw one or more items from their bid, after bid closing but prior to contract award, by advising, in writing, the Contracting Authority.

As such, in order for a bid to be deemed responsive the bidder must provide a bid for all requested quantities of that NSN including the option order. Both Annex A and Annex A – Option 1 must be completed for all quantities of a specific NSN to be considered responsive.
