## EXISTING LABORATORY EQUIPMENT PHOTOS

The pictures at the following pages depict the equipment that the general contractor is expected to move, transport, relocate and install from its existing location to its new location in Building 11 and 32.

It is to be noted that the following pictures may not represent all the equipment that is part of the scope of work. This is the case of the growth chambers and -80 degree freezer to be confirmed by the Owner, see Equipment List on the Issued for Tender Drawings, sheet A04.

*Analytical Balance*
