The amendment to the bid solicitation is to address the enquiries received:

5000050331-1 – Questions and Answers #1

Q1. Are we able to get the latitude and longitude for each station?

The maps show the spatial allocation of samples in each area sufficiently enough to develop an accurate plan. That information will be supplied to the successful Bidder.

Q2. Regarding R4. I would like to clarify that the 80 points are all related to providing details from a previously completed project.

Yes, the 80 points are all related to a previously completed project.

Q3. Is the Marine Emergencies Duties listed on page 91 (of 91) a requirement for both personnel on the boat? There are several levels of MED training.

We require all operators to have the Transport Canada required training for both resources in case something happens to one of them. As per the following Link, MED A3 would satisfy this requirement for the size of vessels suggested in the RFP.

ALL OTHER TERMS AND CONDITIONS OF THE BID SOLICITATION WILL REMAIN THE SAME
