VENDOR QUESTIONS

Q4- Regarding M1 - Please confirm if the resource categories that are in our referenced contracts are the same there is no substantiated required?

A4- No, as per M1 sub criteria 4), the substantiation is still required for resource categories that are identical to those listed in M1 and the substantiation information to be provided by completing Appendix B-Section 3.

M1:

"4) The work billed for a given resource category must include, at a minimum, the baseline tasks listed in SW3 of Annex A - Statement of Work for the same resource category. The Bidder must provide this information by completing Appendix B- section 3)."

Q5- Attachment 2.1 (mandatory) and 3.1 (rated), in reference to M2, R2 and R3 in both the IM Architect (Data Scientist) and Database Modeller (Data Engineer) requirement grids, could CBSA clarify their evaluation methodology for cumulative experience with the listed technologies? Would experience with three of the technologies listed, demonstrated in one 60 month project, be considered a 180 month cumulative total of experience with these tools?

A5- The cumulative experience, as stipulated in the examples provided in the RFP for the requirements in question, is based on the number of years of experience in each of the technologies. This experience can be attained in the performance of 1 or many projects. In reference to your second part of the question, yes; it would account to 180 months provided that each of the 3 technologies was being used for the 60 month period.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
