Amendment 02:

Here is a question received during the call for tenders

Q- Can you confirm if CSA is expecting a reference list as part of the bid submission? If yes, do we create and insert this as an appendix to Section I Technical Bid?

R- As mentioned in the Evaluation Procedures and Basis of Selection (Part-4 of the RFP), an evaluation of the bidder's approach to achieve the mandate, and the extensiveness of the selected topics will be made. That includes indeed references made to recent and relevant international literature, plans, programs, projects and technologies such that an understanding of all the topics is well demonstrated. You can therefore add your reference list as an appendix to Section I Technical Bid.
