**Amendment 002 is raised to answer the questions received from the industry.**

Q1. The scope of work indicates a small number of containers that are scheduled for Saturday service. A more cost effective approach would be to increase the level of service by placing larger containers, or additional containers, as needed in order to provide the required level of service Monday to Friday. Would this be acceptable?

R1. For bidding purposes, and standardized comparisons, we will keep the existing BOP and schedule; there are several factors for Saturday pickup and bin size, including some buildings are operational 7 days per week, some limited space for spotting bins; note that the task authorization portion will cover any special or unforeseen circumstances that come up.

Q2. Regarding obtaining security clearance for employees who will be directly involved in delivering the service, how long does it generally take for clearance requests to be processed and clearance obtained?

R2. It can take anywhere from 1-3 months.

Q3. Regarding the request to have the recycle bins a different color, Our Company's current brand standards include addressing this by supplying blue lids on a green bin to make the recycle bins easily identifiable. Our standard is to have green or black lids on waste bins. Will the approach to use blue lids for recycle bins be acceptable?

R3. As long as the bins are 100% clearly distinguishable, as to which are recycling and which are garbage will be acceptable, even when lids are covered in snow, etc; also cannot have mixed green/black lids for garbage, must be consistent one color (black recommended).

Q4. In the event that our trucks may require an escort for the provision of services, will there be wait times associated with the escorts? If yes, are there ways this can be minimized?

R4. Escorts: ultimately, the awarded company should apply for 10 year screenings (reliability status) for all their drivers, so they can work mostly unescorted inside the restricted area; if they have drivers without the screening, we will need their Driver's Licence #'s, advance notice of arrival time and an escort will be provided when available; there may be delays during the busy construction season (spring/summer/fall).

**ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME AND IN FULL EFFECT.**
