

NOTICE OF PROPOSED PROCUREMENT

The Department of National Defence has a requirement for a quantity of four (4) software site licenses, two hundred (200) user licenses and two (2) Part-time Employees. The product must collect, aggregate, store, analyze and visualize human performance information from multiple streams for the purpose of conducting performance analytics and smart autonomous monitoring of personnel. A bid must be compliant with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The requirement includes an option for four (4) additional one (1) year periods to extend the contract up to a maximum of five (5) years total.

For services requirements, Bidders must provide the required information as detailed in article 2.3 of Part 2 of the bid solicitation, in order to comply with Treasury Board policies and directives on contracts awarded to former public servants.

The Crown retains the rights to negotiate with suppliers on any procurement.

Documents may be submitted in either official language of Canada.
