**THIS AMENDMENT 012 IS RAISED TO ANSWER THE FOLLOWING BIDDER'S QUESTION:**

**QUESTION 1:**

Regarding the maximum pages allowed for the Rated Requirements. The following is stated in the RFP:

*The Bidder's Score will be based on the evaluation scale provided below for the following categories and levels:*

*RT1 – Management of Services*

*RT2 – Achievement of Bidder on Projects*

*RT3 – Achievement of Resources on Projects*

*For the purpose of the point rated technical criteria scale provided below, the experience of the Bidder's proposed resources will be considered.*

***The maximum number of pages, including text and graphics, to be submitted for responding to the parts RTC1, RTC2 and RTC3 of the Point Rated Technical Criteria – Written is ten (10) pages (including text and graphics).***

We note that the Point Rate Technical Requirement Grids for the RTC3 (including RTC3.1 to RTC3.4) alone are 6 pages in length. The normal course of responding the RFP is that Bidders include the requirement grids and then make reference as to where the information to substantiate the elements can be found.

Considering that maximum number of pages for RTC1, RTC2 and RTC3 cannot need exceed ten pages, would the Crown consider removing the RTC3 grids from the overall page count of 10?

XXXXXXXXXXXX

**ANSWER 1**

The format of the response to RTC is not restricted to the table. The table is there to describe what should be in the written proposal and the number of points attributed to each point rated criteria.

Refer to ATTACHMENT 2 TO PART 4 - TECHNICAL CRITERIA , 2. POINT RATED TECHNICAL CRITERIA – Written (2 and 3).

*2. The Bidder's Score will be based on the evaluation scale provided below for the following categories and levels:*

*RT1 – Management of Services*

*RT2 – Achievement of Bidder on Projects*

*RT3 – Achievement of Resources on Projects*

*For the purpose of the point rated technical criteria scale provided below, the experience of the Bidder's proposed resources will be considered.*

*The maximum number of pages, including text and graphics, to be submitted for responding to the parts RTC1, RTC2 and RTC3 of the Point Rated Technical Criteria – Written is ten (10) pages (including text and graphics).*

*The following are not part of the page limitation mentioned above;*

- o Attachment 1 to Part 3, Pricing Schedule*
- o Certifications and proof of education*
