AMENDMENT 004

PURPOSE:

The purpose of this amendment is to:

1. Answer bidder question 1; and
2. Amend section 6.21 Pre-production Sample.

1. Answer bidder question 1

1.1 Question 1:

Is there a TDP for NSN 1670-21-869-2660?

1.2 Answer 1:

No, there is no TDP for NSN 1670-21-869-2660.

2. Amend section 6.21 Pre-production Sample

2.1 DELETE:

6.21 Pre-production Sample in its entirety.

2.2 INSERT:

6.21 Pre-production Sample

1. Pre-production Samples: The Contractor must provide **one (1) pre-production samples**, accompanied by the sealed sample(s) if applicable, to the Technical Authority for acceptance within **thirty (30) calendar days** from **date of contract award**.
2. If the first sample(s) are rejected, the Contractor must submit the second sample(s) within fifteen (15) calendar days of notification of rejection from the Technical Authority.
3. The Contractor must carry out all required inspection and tests to verify conformance to the technical requirements of the Contract.
4. The Contractor must provide the sample(s), and a copy of the inspection and test report(s), to the Technical Authority, transportation charges prepaid, and without charge to Canada. The sample(s) submitted by the Contractor will remain the property of Canada.
5. The Technical Authority will notify the Contractor, in writing, of the conditional acceptance, acceptance or rejection of the sample(s). A copy of this notification will be provided by the Technical Authority to the Contracting Authority. The notice of conditional acceptance or acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other conditions of the Contract.
6. The Contractor must not commence or continue with production of the items and must not make any deliveries until the Contractor has received notification from the Technical Authority that the sample(s) are acceptable.

Any production of items before sample acceptance will be at the sole risk of the Contractor.

7. Rejection by the Technical Authority of the second sample(s) submitted by the Contractor for failing to meet the contract requirements, will be grounds for termination of the Contract for default.
8. The sample(s) may not be required if the Contractor is currently in production. The request for waiver of sample(s) must be made by the Contractor in writing to the Technical Authority. The waiving of this requirement will be at the discretion of the Technical Authority. If the Technical Authority agrees to the Contractor's request, the Contracting Authority will issue an amendment to incorporate the waiving of this requirement in the Contract.

All terms and conditions remain unchanged.
