

This Request For Proposal Amendment #001 is raised to publish the following Question and Answer

QUESTIONS & ANSWERS

Q 1	<p>With respect to the pricing page; does Indigenous Services intend to procure their own biomedical waste boxes and liners; as it is requesting pricing for disposal only.</p> <p>If you wish to purchase supplies we do require the ability to price those as separate line items.</p>
A 1	<p>Indigenous Services intends to procure their own biomedical waste boxes and liners. The contractor would still require to provide the necessary material to repack or over pack boxes that may have been damaged in transport.</p> <p>There may be a time that Indigenous Services may request a pricing list from the contractor to purchase said supplies and that pricing would be a separate line item outside of this SOW.</p>
