

REQUEST FOR PROPOSAL AMENDMENT NO. 005

Request for Proposal Amendment no. 005 is raised for the following reasons:

- 1. To provide questions and answers; and**
- 2. To make modifications to the RFP.**

Question 17: Would the Government of Canada consider removing the size limitation of the device and replacing it with a max of 10KG MFP weight limit instead? Given the explanation as to why such a small device dimension is listed, a device weight is more of a universal and fair measure. Currently a bid response is disqualified because 1 of the 3 measurements is over the max listed size though overall, it could be the smallest sized MFP proposed. The weight is the most important factor when you are considering shipping, moving, handling and installation of a device by end users.

Answer 17: Statistics Canada will not remove the size limitations.

Question 18: Annex B 2.a does the ink yield must meet 500 pages per cartridges or can offer ink cartridges that yield 250-300 pages and include 3 or 4 cartridges to meet the 1,000 page require? With the demand on printers and inks the large capacity inks are in high demand.

Answer 18: Statistics Canada will accept multiple sets of ink/toner, as long as the combined total estimated yield for each set is 1000 pages or more. This would be over and above the cartridges per-installed in the device. See Modification 016 and Modification 017.

Modifications

Modification 016

**On page 28 of the RFP, Annex B – Basis of Payment:
Delete in its entirety and replace with:**

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm price, as specified below for a cost of \$_____. Customs duties are included and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

Table 1 - List of Deliverables					
Item No.	Manufacturer's Product Name	Product Number	Qty	Unit Price	Extended Price (Qty x Unit Price)
1	Multifunction Device (including toner) – (<i>insert Model name</i>)		250	\$_____	\$_____
The Bidder is required to only complete one of the following depending on the ink/toner it proposes:					
2a.	High Yield Ink/Toner (2 spares @ 500 ppm or higher)		500	\$_____	\$_____
Or					
2b.	High Yield Ink/Toner (1 spare @ 1000 ppm or higher)		250	\$_____	\$_____
Or					
2c.	High Yield Ink/Toner (4 spare @ 250 ppm or higher)		1000	\$_____	\$_____
3	Delivery		1	\$_____	\$_____
4	6 foot USB cable		250	\$_____	\$_____
TOTAL EVALUATED BID PRICE (CAD):					
The total evaluated bid price = The sum of the Extended Prices for items 1 + 2a. or 2b. or 2c* + 3 + 4 in Table 1 – List of Deliverables					\$_____
* Only the Extended Price for the proposed ink/toner in 2a. or 2b. or 2c. will be used in the price evaluation.					

Modification 017

**On page 27 of the RFP, Annex A – Statement of Work:
Delete in its entirety and replace with:**

1. Requirement

Statistics Canada has a requirement for 250 multifunction devices with the option to purchase an additional 250 units over the following year. This Contract is for the supply and delivery of the equipment.

Each device must include toner and a 6 foot cable. Statistics Canada also requires spare toner in addition to the toner that comes with the device.

2. Mandatory technical requirement

A1. Multifunction Devices

The devices must meet the following mandatory requirements:

A1.1	Monochrome (B&W)
A1.2	Paper handling / print size: 8 ½ x 11 (Letter) 8 ½ x 14 (Legal)
A1.3	Simplex
A1.4	Copy
A1.5	Scan (USB)
A1.6	Connectivity: USB 2 or better: mandatory Wi-Fi: optional
A1.7	Additional ink / toner to the one pre-installed to the device that must yield at minimum 1000 pages-per-minute (ppm) or more which can include: 1 (one) spare cartridge with a yield of 1000 ppm or higher for each printer OR 2 (two) spares with a high yield of 500 ppm or higher per cartridge for each printer OR 4 (four) spares with a high yield of 250 ppm or higher per cartridge for each printer.
A1.8	USB cable, to connect printer to computer, 6 feet
A1.9	Maximum Dimensions (W x D x H) : 18.25" x 14.5" x 10".

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
