The Engineer must provide a final inspection report to the Contractor at the end of the contract period. Should the contractor be unable or not willing to rectify any deficiencies stated in the final inspection report within 15 days of issuance of report, the Engineer will arrange for another Contractor to correct those deficiencies and deduct those costs from final payment to the original Contractor.
- .2 At the end of the contract, the Contractor must remove all product dispensers that the Contractor has installed, as specified herein, on a schedule that

is to be determined by the Engineer.

2 PRODUCTS

2.01 EQUIPMENT AND MATERIALS

- .1 The Contractor shall submit a complete list of all equipment and materials intended to be used under this service contract, as specified in Section 01 11 00, Summary of Work.
- .2 Where applicable, all submissions for equipment, including product dispensers, shall include the relevant manufacturers specifications.
- .3 Where applicable, all submissions for materials and products, shall include the appropriate Material Safety Data Sheets and any relevant Manufacturers specifications or product information sheets.

2.02 DUTY SCHEDULE

- .1 The Contractor shall submit to the Engineer, within ten days of the start of this Service Contract, a schedule for all routine cleaning. The schedule will at a minimum indicate:
 - .1 The name of the Contractor's personnel that are assigned to service each building;
 - .2 The time each building listed in this specification is to be cleaned; and
 - .3 The supervisor that is responsible for each building.
- .2 The duty schedule must be maintained and properly updated throughout the duration of this contract.
 - .1 All permanent personnel changes must be reported to the Engineer no later than the day to which they will occur, in writing, through the submission of a new duty schedule; and
 - .2 All temporary personnel changes must be reported to the Engineer either in writing, through email, or over the phone, no later than the first day to which they will occur.

3 EXECUTION

3.01 STANDARD OF WORK

- .1 The Contractor will carry out services at the minimum frequencies as detailed within this specification. They will, on award of contract, place the building in first class condition without delay and maintain it in that condition during the period of the contract employing the best standard practices of the trade at all times.
- .2 It is the Contractor's responsibility through adequate use of the operational manager and site supervisors to ensure all cleaning is completed in accordance with this specification, prior to the departure of each work shift.
- .3 One Hundred percent (100%) of the Contractor's personnel will be trained

with Infection Diseases Control Training and will be certified before commencing work.

- .4 The Contractor's personnel must not under any circumstances disturb or be disturbed by the occupants or users of the building they are servicing. This does not mean Contractor personnel cannot interact, in a friendly and professional manner, with the building occupants and users. The intent is to ensure that the Engineer, the operational manager and the supervisors are responsible for coordinating access to janitorial personnel, their assigned duties, and their area of responsibilities, not building occupants or users.
- .5 Entrances: At times of inclement weather, the contractor will routinely patrol heavy traffic areas such as entranceways, lobbies and stairs keeping them clear of hazards such as litter, water, snow, ice, slush, sand and salt.
- .6 Buildings listed in Annex A will have floors waxed, steam cleaned and/or power scrubbed once a year depending on type of floor;
 - .1 Vinyl Tiles - Waxed
 - .2 Carpet - Steam cleaned
 - .3 Ceramic tile - power scrubbed
- .7 5 CDSB Gagetown is an operational, support, and training base. The Contractor must have the capability to manage significant increases and decreases in the services to respond to operational requirements.

3.02 SERVICES AND FREQUENCY

- .1 The Contractor shall determine the number of janitorial personnel required to maintain the buildings listed in Annex A, at the frequencies listed in Annex B, including any and all building specific requirements that are listed in section 00 11 01, Summary of Work, Sub-section 3, Execution.
- .2 See Section 01 11 00, Summary of Work for details of the cleaning services to be provided under this contract. This summary of work is to be read in conjunction with the detailed list of frequencies in Annex B and also in conjunction with Health Canada Cleaning Steps in Annex E. These frequencies are the minimum amount of work that is to be completed per day/shift.
- .3 If the Engineer deems that the cleaning standards and frequencies are not being met, the Contractor, at no extra cost to the Engineer, will provide the necessary personnel, equipment and materials to meet this specification.

3.03 OPERATIONAL MANAGER

- .1 A minimum of one operational manager is to be provided for the duration of this service contract (herein referred to as manager). This manager is the primary point of contact for the Engineer. The manager must be present on site during normal working hours, Monday to Friday 0730 to 1600.
- .2 For all manager absences, the Contractor must appoint another person to act in that capacity. The Contractor must provide the name and contact number of this appointed acting manager to the Engineer no later than the start of the business day (0730) of the absence.
- .3 The manager must have the competence, experience, and qualifications

required to discharge the assigned responsibilities.

- .4 The manager must be fully appraised of all of the requirements of this specification and be in possession of all documents.
