## TABLE OF CONTENTS

Section 1 – Invitation and Instructions to Bidders

Section 2 – Resulting Contract including a list of required goods and services

### SECTION 1 – INVITATION AND INSTRUCTIONS TO BIDDERS

#### **Step 1. For Tier 2 and Tier 3 only (If Tier 1, skip this step and proceed with step 2)**

Is this a Manufacturer Product Specific Procurement? [No](#)

#### **Step 2. ☒ Competitive or ☐ Non-Competitive**

For competitive Requirements when only one bid is received:

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

For Competitive Requirements when only one bid is received:

The Bidder must provide the following information AFTER bid closing, if requested to do so by Canada:

- One or more of the following price justifications:
  1. a current published price list indicating the percentage discount available to Canada; or
  2. a copy of paid invoices for the like quality and quantity of the goods, services or both sold to other customers; or
  3. a price breakdown showing the cost of direct labour, direct materials, purchased items, engineering and plant overheads, general and administrative overhead, transportation, etc., and profit; or
  4. any other supporting documentation as requested by Canada.

#### **Step 3. ☒ General or ☐ PSAB**

**Terms of the RFB:**

This RFB is issued pursuant to the Supplier's Furniture for Workspaces Supply Arrangement (SA) that forms part of the series of SAs issued by PWGSC with the number E60PQ-140003/PQ. The terms and conditions in the Supplier's SA apply to and form part of this RFB. Bidders who submit a bid agree to be bound by those terms and conditions as well as the terms and conditions in this RFB.

The WTCM is the Workspaces Terms and Conditions Manual that contains all terms and conditions in full text that form part of individual RFBs under this SA.

The Bidder must provide the following information WITH the bid:

- The information requested by Canada in Annex A herein.

**Bid Evaluation**

An evaluation team composed of representatives of Canada will evaluate the bids.

|     | E-mail address:   | <a href="mailto:Daphne.Ouimet@tpsgc-pwgsc.gc.ca">Daphne.Ouimet@tpsgc-pwgsc.gc.ca</a> |
| 4.2 | <b>Project Authority <i>[To be completed at contract award]</i></b><br><i>The Project Authority (PA) is the representative of the department or agency for whom the Work is being carried out under the Contract including the provision to approve the authority to proceed for delivery and installation and is responsible for all matters concerning the technical content of the Work under the Contract.</i><br><br><i>In addition, the PA is also responsible for ensuring that the Supplier's employees and subcontractors requiring access to the site adhere to the allocated time for the Supplier to access the site to deliver and install the furniture in accordance with the master schedule held by the General Contractor (a representative of Canada or a service provider(s) under contract with the Government of Canada).</i> |  |
|     | Name:   |  |
|     | Title:  |  |
|     | Department/Agency/Crown Corporation:  |  |
|     | Address:  |  |
|     | Telephone No.:  |  |
|     | E-mail address:   |  |
| 4.3 | <b>Contractor's Representative</b><br>As set out in Annex A, Table 9 below.   |  |
| 5.  | <b>Method of Payment</b><br>The checked box applies. If the Contractor's SA indicates acceptance for payment by credit card, that method may be used in conjunction with the following.   |  |
|     | <input type="checkbox"/>  | Single Payment   |
|     | <input checked="" type="checkbox"/>   | Multiple Payment   |
| 6.  | <b>Invoicing <i>[To be completed at contract award]</i></b><br>Further to the Invoicing terms of the WTCM document, the Contractor will deliver the original and one copy of the invoice to the following address for certification and payment:<br>Name of the organization and contact: <i>[To be completed at contract award]</i><br>Address:  |  |

**ANNEX A**  
**REQUIREMENT and BASIS OF PAYMENT**

1. Category Selection

**Combined Categories Rule:**

For reasons of compatibility, the following categories will be combined for evaluation and contract award purposes:

The rule only applies to the categories below that are checked. The unchecked categories will be evaluated separately and may be awarded to multiple suppliers;

☐ **Category 1**

☐ **Category 2**

☐ **Category 5**

**\* Exception: when using the Cat 1, 2, 5 combined categories rule, IU's may calculate the percentage of NSA product allowed (as defined in their solicitation document) against the total quantity of the combined categories.**

**Design Upgrade Rule:**

The IU may exercise an option to upgrade products up to 20% of each Category product total before Applicable Taxes after contract award.

The Design Upgrade amount is used at the discretion of the Project Authority (PA) **prior to the manufacturing/ordering of the products**, the PA will provide the Contractor with a written notice of Canada's Design Upgrade choices for each of the product(s) to be upgraded. The Contractor will provide the pricing of the upgraded product(s) to a maximum of 20% of each Category Contract Price of Table 8. The Contracting Authority will issue an amendment to the contract with the Design Upgrades and pricing.

The Supplier certifies that all the Design Upgraded products offered will conform to all specifications and meet the testing requirements detailed in the Specifications of the Supply Arrangement.

Design Upgrade: is the process of replacing a product with a more innovative or enhanced version of the same product.

**NSA:**

NSA products can be incorporated in the RFB and must not exceed 30% of the firm quantity by category. NSA items must be added to the category that is most closely related and must be generic.

The requirement includes the following category (ies) of work:

a. Category 1 – Interconnecting Panels and Freestanding Systems

☒ Category 1a – Interconnecting Panels (Refer to Annex C)

☐ Category 1b – Supporting components and freestanding furniture

**RULE:** Metal Storage

Identified Users may procure metal storage products forming part of Category 1 when the metal storage products will be part of a requirement for a workstation(s)/work point(s). If this rule does not apply, Category 3 must be used for the metal storage products forming part of this category.

b. ☐ Category 2 – Freestanding Height Adjustable Desk / Table Products

c. ☐ Category 3 – Metal Filing and Storage Cabinets

Identifying the maximum height of the Personal Storage Towers, Wardrobes and Storage Cabinets is acceptable as per 6B. 4.1 of the SA (table 1 Additional product details)

d. ☐ Category 4 – Wood Veneer – Freestanding Products

e. ☒ Category 5 – Ancillary and Lighting Products

f. ☒ Category 6 - Support Space – Collaborative Furniture

**RULE:** Category 6 can be further subdivided by space or like product in order to increase or allow competition. Space is defined as a location available for a particular purpose such as a meeting room space or a collaborative space. Like products are defined as products with similar design and construction. If NSA products form part of the requirement, the IU must validate the 30% NSA prior to subdividing the category. NSA products can be added to any subdivide or in its own subdivide.

Category 6 has been divided into the following sub-categories: 6A, 6B, 6C, 6D and 6E

g. ☒ NSA Product(s) – Category: 6E

## 2. Product and Pricing Tables

Site Inspection Date: To be coordinated with Project Authority after contract award. *(Refer to Annex A article 4 of the SA for Site Inspection and Documentation instructions.)*

INSTRUCTIONS TO BIDDERS: Bidders are to complete Sections B of the tables identified by the IU in this article as well as Tables 8 and 9. **Bidders must provide a complete product offering for each category, or CAT 6 sub-divide they wish to submit a bid in order to be compliant.**

**\*\*Refer to article 6A.7 for instructions on how to submit products that are not approved in product listing.\*\***

In a resulting contract, the term “Bid” means the Supplier’s commitment, the term “Bidder” means “Contractor”.

**ANNEX B**  
**SECURITY REQUIREMENTS**

There is no security requirement associated with this contract. Contractor must be escorted at all time.

**ANNEX C  
FLOOR PLAN(S)**

**INSTRUCTIONS TO BIDDERS:**

For Category 1a products, the Bidders must provide:

- a) Completed floor plan(s) with proposed SA approved products;
- b) A product listing of proposed SA approved products offered at floor plan(s).  
As a minimum the product listing must include the following information:
  - Supplier part numbers including NSA products forming part of this category;
  - brief product descriptions;
  - quantities;
  - firm unit prices.

\*\*\*\*\* Products from categories other than Category 1a shown on floor plan are for information purposes only\*\*\*\*\*

By submitting a bid, the Bidder certifies that their submission includes all components and quantities for Category 1a, in accordance with the floor plans, panel details, panel matrices and/or workstation layouts stipulated in Annex C.

**\*At contract award, "By submitting a bid, the Bidder" becomes "The Contractor".**

**Category 1a Requirement:**

**1) Floor Plan(s)**

\*\*\*See attached pdf and AutoCAD floor plan\*\*\*

**2) Panel Details**

- a. All required panel heights: [Work Surface Privacy Add-on Height](#)
- b. When power is required, the power is located [below](#) work surface height; should a grouping of workstation types include shared panels and one side is identified as powered and the other side is non-powered, those panels affected must be powered.
- c. Type of power feed: [Power Pole](#)
- d. [Cable pathways must be able to accommodate up to 16 communication cables with no more than a 60% fill capacity.](#)

**3) Panel Matrix or Workstation Layout**

\*\*\*See attached **Panel Matrix** \*\*\*

**ANNEX D**  
**Additional Specifications, Certifications**

This Annex includes the additional Specifications, Certifications associated with NSA product forming part of the requirement.

**1. Specifications**

The NSA product for this requirement must be tested and meet the performance Testing Requirements found at ANNEX A-1 and A-2 of the Supply Arrangement.

**2. Certifications**

**.1 NSA Product Conformance**

**2.1 NSA Product Conformance** *(Required precedent to Issuance of a contract)*

The Supplier certifies that all the NSA products offered will conform to all specifications indicated in Annex A and D of the RFB, and meet the testing and performance requirements found at ANNEX A-1 and A-2 of the Supply Arrangement, as applicable.

\_\_\_\_\_  
Supplier's Signature

\_\_\_\_\_  
Date

**NSA Product Conformance Certification** *(applies after contract award)*

The Supplier warrants that the NSA Product Conformance Certification submitted by the Supplier with its bid is accurate and complete. The Supplier must keep proper records and documentation relating to the NSA product conformance and the testing requirements in this Annex, as applicable. The Supplier must not, without obtaining the prior written consent of the SAA, dispose of any such records or documentation until the expiration of the Contract or the expiry date of the Warranty, whichever is later. All such records and documentation must at all times during the retention period be open to audit, inspection and examination by the representatives of Canada, who may make copies and take extracts.

In addition, the Supplier must provide representatives of the SAA access to all locations where any part of the Work is being performed at any time during working hours. Representatives of the SAA may examine and test the Work as they see fit. The Supplier must provide all assistance and access to facilities, test pieces, samples and documentation that the representatives of the SAA may reasonably require for the carrying out of the inspection, which may also include the submission of test reporting documentation as listed in Annex A and D. The Supplier must forward such test pieces, samples and/or documentation that may also include letters of certification from the laboratories to such person or location as the representatives of the SAA specifies.

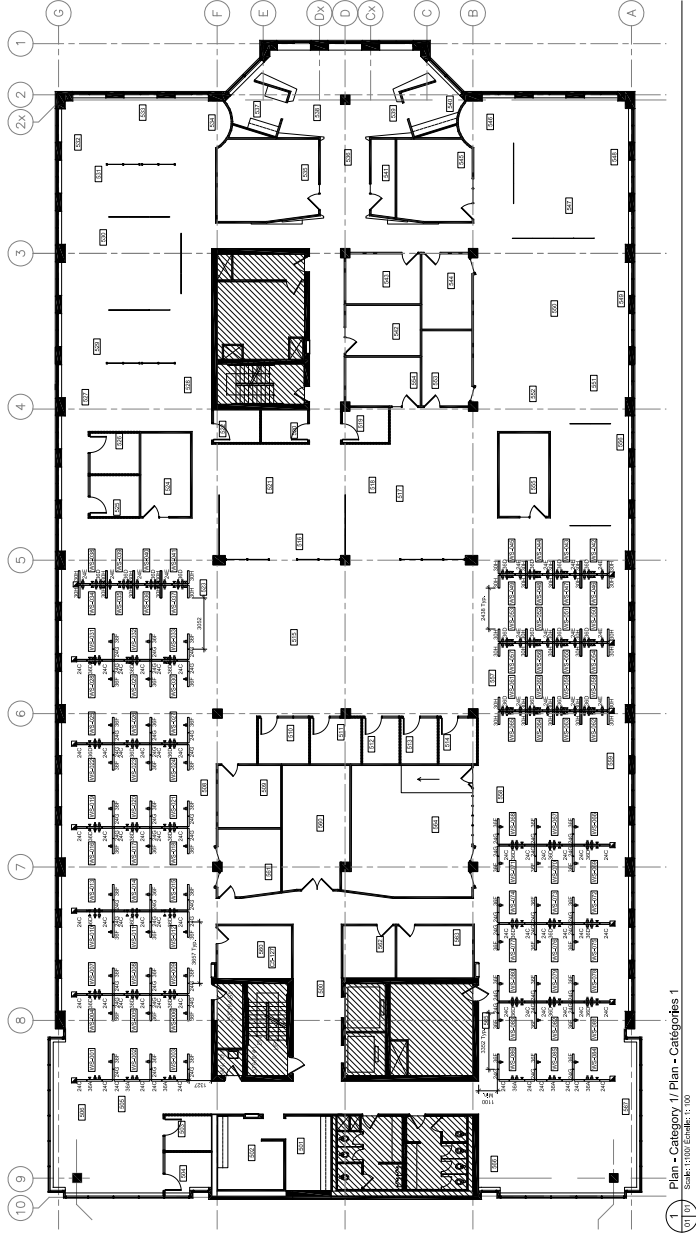

**ANNEX E**  
**Loading Dock/Location**

Technical drawing of the Workstation Panel 360° / Panneau de poste de travail 360°. The drawing shows two views: a top view and a side view. The top view is a rectangle with dimensions 1200 mm (width) and 620 mm (depth). It shows a central rectangular area labeled 'Zone de travail' (Work area) with dimensions 1000 mm (width) and 400 mm (depth). The distance from the left edge to the start of the work area is 100 mm, and from the right edge to the end of the work area is 100 mm. The distance from the top edge to the start of the work area is 100 mm, and from the bottom edge to the end of the work area is 100 mm. The side view is a rectangle with dimensions 1200 mm (width) and 620 mm (depth). It shows a central rectangular area labeled 'Zone de travail' (Work area) with dimensions 1000 mm (width) and 400 mm (depth). The distance from the left edge to the start of the work area is 100 mm, and from the right edge to the end of the work area is 100 mm. The distance from the top edge to the start of the work area is 100 mm, and from the bottom edge to the end of the work area is 100 mm. The drawing includes labels for 'Zone de travail' (Work area) and 'Zone de rangement' (Storage area).

The diagram shows a rectangular workstation panel with a width of 47" (1205mm) and a height of 47" (1205mm). The panel is divided into several sections:

- Top Left:** A small square section labeled "Upper Element 1 / Upper Element 2".
- Top Right:** A rectangular section labeled "Upper Element 2 / Upper Element 1".
- Bottom Left:** A rectangular section labeled "Lower Element 1 / Lower Element 2".
- Bottom Right:** A rectangular section labeled "Lower Element 2 / Lower Element 1".
- Center:** A large rectangular section labeled "Panel (Main)" with a width of 47" (1205mm) and a height of 47" (1205mm).
- Left Side:** A vertical section labeled "White Board 1 / White Board 2".
- Right Side:** A vertical section labeled "White Board 2 / White Board 1".

Additional labels include "Upper Element 1 / Upper Element 2" and "Lower Element 1 / Lower Element 2" on the left side, and "Upper Element 2 / Upper Element 1" and "Lower Element 2 / Lower Element 1" on the right side. The bottom right corner is labeled "Panel (Main)".
