Amendment 01 to Request for Supply Arrangement W6369-210242/A is raised to:

1. Amend Mandatory Technical Criterion MT2.

1. Attachment 1 to part 4 – Mandatory Technical Criteria is modified as follows:

Delete:

MANDATORY TECHNICAL CRITERIA & ARRANGEMENT PREPARATION INSTRUCTIONS		CROSS REFERENCE WITH ARRANGEMENT
MT2	<p>The Supplier must have experience providing Consulting Services that are Specific to at least four (4) of the following six (6) Supply Chain Management Business Activities, which are based on Section 3.2 of Annex A, Statement of Work:</p> <ol style="list-style-type: none"> 1. Plan 2. Acquisition 3. Distribution 4. Warehousing 5. Support 6. Divestment <p>The Supplier must provide two (2) project references. Each project reference must address at least three (3) of the six (6) Supply Chain Management Business Activities listed above. Experience in at least four (4) Supply Chain Management Business Activities must be demonstrated amongst the referenced projects. For example, Project 1 could demonstrate experience in 1., 2. and 4., and Project 2 experience in 1. 2., 4. and 5. The referenced projects must meet the eligibility criteria listed below:</p> <ol style="list-style-type: none"> I. The project must be for an organization operating a complex multi-echelon supply chain across a national geographically disparate environment of at least five (5) different provinces, states, or countries, which includes multiple distribution centres, and incorporate at least two (2) different commodity types (e.g. food, spare parts, equipment, fuel, etc.). II. The contract value of the project must have exceeded \$200,000 CAD including taxes. III. The project must have achieved measurable results, including but not limited to cost savings, and performance improvements. IV. The project must have been performed within the last five (5) years from the closing date of RFSA W6369-210242/A. Projects currently underway are acceptable, as long as demonstrable results have already been obtained. V. At least one project must have included the use of supply chain simulation and modelling software to design and implement solutions. <p>For each project, the Supplier must provide the information requested in table MT2 below. A maximum of 2 projects will be evaluated. If more than 2 projects are submitted, only the first 2 in order of presentation will be evaluated.</p>	<p style="color: red;">To be completed by the Supplier (reference to section of the arrangement).</p>
