

THIS AMENDMENT 007 IS RAISED TO ANSWER THE FOLLOWING BIDDER'S QUESTION

Question # 1

In regards to the testing program, would Measurement Canada perform the test based on the prototype sent by the bidder? Or does the bidder have to perform the testing?

Answer 1:

Measurement Canada will perform the tests based on the prototype submitted by the bidder.

Question # 2

If the bidder is required to prove the successful results of the Testing Program, how should the results be presented? Lab Results? Pictures? Would the Manufacturer Data Sheet be sufficient?

Answer 2:

Measurement Canada will perform the tests based on the prototype submitted by the bidder.
