- Extend the period to bid, until March 10, 2021 @ 2pm.
- Respond to the Questions raised by the public.
- Provide additional guidance to potentials bidders. Please open the document entitled Guide.

Part 1 - Questions & Answers

Question 1:

General - not specific.

Potential bidders requested additional time to prepare their bid and requested more guidance on how to apply for this work opportunity.

Answer 1:

This is accepted.

The period to submit your bid has been extended by an additional 2 weeks. Please see **Part 2 – Amendment to RFP** below. Bids are to be submitted BEFORE 02:00 PM, March 10, 2021.

A Guide to help people better understanding the Request for Proposal (RFP) document is available. To access it, please download the document called Guide on the page of the RFP. The Guide is for your reference in Annex below.

Question 2:

In buyandsell I noticed that the date closing has changed to 2021/03/10 14:00 Eastern Standard Time (EST) however in the pdf document of the RFP no changes have been made. We would like to confirm the solicitation deadline and if the Authority is planning to postpone again the solicitation deadline?

Answer 2:

Correct, Canada agreed to extend the period to prepare the bid. The new submission deadline is 2021/03/10 14:00 Eastern Standard Time (EST).

This current addendum to the RFP is intended to reflect this change.

Canada is not anticipating additional extension.

Question 3:

I understand that sole proprietorships can apply to this RFP, could you please confirm?

Response 3;

Yes, sole proprietorships are eligible.

Question 4:

To respond to this RFP, is it required to submit a Procurement Business Number (PBN) and a Business Number (BN)? Or perhaps this information can wait if contract is awarded to the Bidder?

Response 4;

The registration to the Supplier Registration Information (SRI) and obtaining a Procurement Business Number (PBN) is not required with your bid but will be required at contract preparation.

To register in SRI system and obtain your PBN which is a mandatory requirement to do business with the federal government, please read this section intended for Businesses: https://buyandsell.gc.ca/for-businesses/selling-to-the-government-of-canada/register-as-a-supplier.

Question 5:

Would the Authority facilitate the Bidders during the solicitation period to obtain the security requirements required? If that's the case, the Bidder needs the Authority to support the Bidder with the Request for Private Sector Organization Screening (PSOS).

Answer 5:

The security requirement for this RFP is to be meet before the award of the contract.

Should your bid is recommended for selection, Canada can help facilitating the security process with the bidder.

Question 6:

The RFP indicates that bids shall be submitted to the following email address: aadnc.soumissionbid.aandc@canada.ca but it also indicates in Part 2, section 2.1 that The 2003 2020-05-28 Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation. These Standard Instructions indicate

that unless specified otherwise in the bid solicitation, bids may be submitted by using the <u>epost Connect</u> <u>service</u> provided by Canada Post Corporation.

Could you please confirm that only submissions shall be sent

to aadnc.soumissionbid.aandc@canada.ca or shall be submitted via epost Connect too?

Answer 6:

We are not using epost connect therefore we have specified in the RFP under section 2.2 Submission of bids how to proceed.

I confirm that bid can only be submitted electronically to this address: aadnc.soumissionbid.aandc@canada.ca.

Question 7:

I understand that the consultative service to provide is "as and when required basis". Is there a minimum work guarantee? What would be the average level of effort (number of hours) per week, per expert? How many hours per case? How many case per week?

When the contracts will be in place, what is the workload we can expect? Any precision on how many cases a week you intent to dispatch per week for the entire Project, etc.

Answer 7:

We would like to form a committee of approximately 12 different experts and we anticipate dispatching 10-15 cases per week in total.

There is no minimum work guarantee. Canada will distribute the workload on a "best fit type" among the group of experts. The experts will receive a request to accept or decline the work.

Level of effort per case will have significant variation but the expert will perform an average of 3 hours of work per case (with a range of likely 1 hour to 5 hours).

Each case is to be reviewed by minimum 2 and potentially 3 experts, and potentially more experts in case of recommending denial.

Question 8:

I have just received confirmation of an approval from Jordan's Principle for my granddaughter's dental. Therefore would I be able to apply for this position or be disqualified because I have used Jordan's Principle?

Answer 8:

You are eligible to bid.
