This amendment 001 is raised to extend the closing date of the solicitation and to answer questions received from the industry as follows:

The closing date of the solicitation has been extended until March 10, 2021, 2pm EST

Q1: Would Synchro-tilt chairs also be acceptable?

A1: No. Synchro-tilt chairs are not acceptable.

Q2: With reference to Chair A4 Rotary Stool / Teaming area – A stool height chair rising to a height of 33" with a min 26" high back with back recline angle adjustment would be at high risk for tipping. Would the user accept a standard back height? Would the user accept a stool with no tilt?

A2: A standard back height is acceptable for the Rotary stools type A4. A stool with no tilt is acceptable. The supplier is to ensure chair is stable.

Q3: Can the requirement be changed to "Sub-Category" to allow us to bid on only the chairs that we carry?

A3: No. The requirement cannot be changed to "Sub-Category".

Q4: Since in/out lumbar adjustment is not a requirement of the Seating Standard (Bifma G1), would you make this optional but not mandatory?

A4: No. In/out lumbar adjustment will not be made optional.

Q5: Can you tell us who the end user client is?

A5: No. End user client information cannot be disclosed at this time.

Q6: Will you accept a chair with a lumbar that only goes up and down since the in-and-out criteria were not part of the original RFSA criteria and there is no CSGB standard for depth adjustment?

A6: No, a chair with lumbar support that only goes up and down will not be accepted.

Q7: For chair A2: i) Will you also accept a standard back height? ii) Will you accept a seat depth adjustment range of 17.5" - 20.5"?

A7: i) No, a standard back height will not be accepted for chair A2.

ii) No, a seat depth adjustment range of 17.5"-20.5" will not be accepted for chair A2.

All other Terms and Conditions remain unchanged.
