## Amendment 002

This amendment is raised to:

1. Extend bid closing date;
  2. Answer questions that were received from Industry:
- 

### 1. EXTEND BID CLOSING DATE

The solicitation closing date has been extended to **March 12, 2021**

### 2. QUESTIONS AND ANSWERS

**QUESTION 1:** Where is the storage of all Plastic Buoy Disposal - around 8750 qty? also can we see sample or check if possible in near Edmonton?

**ANSWER 1:** The plastic buoys requiring disposal are located at CCG bases across Canada. The closest potential stockpile location to Edmonton is Hay River NWT. The number of buoys is still being assessed and confirmed.

**QUESTION 2:** Plastic, metal, foam – does it become bidders property after we take care all waste/recycle material?

**ANSWER 2:** We are seeking information in the RFI how a vendor may dispose of all material in the buoy (metal, foam, plastic, concrete, etc.). The target is to divert as much material as possible from landfill.

**QUESTION 3:** What is the weight of the Plastic Buoy?

**ANSWER 3:** The weights of the material of 2 sample plastic buoys are included in the RFI as an example.

**QUESTION 4:** How long contract or on going per month?

**ANSWER 4:** Only a small set of buoys would be slated for disposal (a subset) as part of a disposal trial and study, not a full scope disposal at this time.

**QUESTION 5:** Is it possible to get a sample buoy.

**ANSWER 5:** Sample buoys are not available at this time. Please refer to Annex A - Sample Buoy information (Sample Buoy 1 & 2)

**QUESTION 7:** Will the buoys be delivered, or will a recycler need to arrange transportation?

**ANSWER 7:** There is no transportation available at this time. This information will be stipulated if there is a future RFP.
