Amendment 003 – this amendment is raised to add window tint:

On windows E1U, E1L, E3U, E3L, E5U, and E5L in E Control, where new glazing is being provided, install window tinting film on interior face of glass. Window tint film shall be:

1. Neutral light reduction, with no noticeable colour shift.
2. Product must be available in various visible light reflectance values, ranging from 20% to 70% reflectance. Provide physical samples to Departmental Representative for final selection from manufacturer's standard range.
3. Installed in one single sheet on each glass unit, with no bubbles, wrinkles or streaks, and with no gaps at perimeter.
4. Do not apply tinting film to glass within gun port.
