

Amendment 002 to Solicitation MM100-071931/B applies changes as follows:

Section A: Questions and Answers

Section B: Revisions

Section A: Questions and Answers

Question 1: Can we provide an alternate design solution for the private office.

Answer 1: Yes, an alternative design solution is acceptable.

Question 2: Regarding Office 120, the GoCuids provided in the bid severely restricts the users access to the primary desk (D-top work surface), as there is a full gable where WSF-2 meets WSF-3, and WSF-3 has also been requested with 2 full gables, one of which has to be recessed to accommodate the D-top. We [propose] an alternate configuration that will allow the user full access to their entire desk.

Answer 2: This solution is approved and preferred. Please see revision of the RFB table.

Question 3: For Line 2: 1bFFHREC24L66WNOLNY which required C-Legs, would one C-leg and a laminate or metal end gable be acceptable for this return?

Answer 3: No, this will not be acceptable.

Question 4: Will the Contracting Authority respectively accept a metal modesty for CAT1B item 2 WSF-1?

Answer 4: Yes, a metal modesty is acceptable.

Question 5: In the table, item 6 the GOCUID # is 1bSBBSLGL1524XXNKXX, which is a work surface supporting box/box/file ped with leveling glides, but the written description is for "Pedestals box, box/file, mobile, casters, laminate". Please confirm if the IU would like a stationary pedestal supporting the work surface, or a mobile pedestal, and correct the GoCuid or description via amendment.

Answer 5: The GOCUID is correct – work surface supporting, leveling glides, laminate. The description in the table has been updated.
