Title: In-Factory Construction of Modular Guardhouse & Modular Mail-Screening Unit

Solicitation: 21-187938

The following Questions & Answers is in link with the Request for Qualification (RQ) document mentioned above.

Questions & Answers #5

Q15. Are the appendix B descriptions of project sections limited to the single page provided in appendix b1/2/3 template or can we expand these sections to additional pages?

A15. The "Description of project" sections in B.1, B.2 and/or B.3 can be expanded to more pages than the ones supplied in the RQ. However, any additional pages to these sections will be counted in the 10-page limit specified in 1.9.iii. of the RQ. In light of this, answer A11 will now be clarified as follows: No, however, any additional pages added in appendices A, B & C will be counted in the 10-page limit.

All other conditions and requirements remain unchanged
