**Questions & Answers #6**

**Q16.** Page 6, paragraph 6, states: 'This section should not exceed ten double-sided pages'. Please, can you clarify if this means 10 printed double-sided pages (i.e. 20 pages of content) or 10 pages total?

**A16.** Ten double-sided pages (i.e. 20 pages of content). Keep in mind that, as per A11 and A15, Appendices A, B & C are not included in the 10 double-sided page limit (i.e. 20 pages of content), however, any pages added in appendices A, B & C will be counted in the 10 double-sided page limit (i.e. 20 pages of content). Also, as per A8 and A9, pages for Table of Contents and brochures are included in the 10 double-sided page limit (i.e. 20 pages of content).
