Title: Refurbishment of the Roof and Windows at the Embassy of Canada to the Netherlands in The Hague

Solicitation: 21-177982

The following Questions & Answers is in link with the Request for Proposals document mentioned above.

Questions & Answers #2

- Q9.** We have discovered multiple leaks on the façade (front and back). In the scope of work, there is no mention of recovering the gutter. In case of carrying out the asked work, there will be a weak spot, with new and old zinc, on the existing wooden structure. In this case, we would like to propose a better solution where the gutter, as well, will be renewed to create a better product. We would like to know if these activities need to be added at the offer stage.
- A9.** No, the Provisional Sum of 2,000 Euros as per A5., has been allowed to cater for repairs and replacement of the gutter pending closer inspection when access is given.

All other conditions and requirements remain unchanged
