SOLICITATION AMENDMENT 006

This solicitation amendment is raised to:

1. Provide answers to Bidders questions in relation to this solicitation.

Note to Bidders:

In accordance with Article 2.3 (a), the deadline for submitting questions and enquiries is March 19th, 2021. Canada makes no commitment to provide answers to questions submitted after that deadline.

NOTE: (Bidders should refer to previous Solicitation Amendments for questions #1 to #10)

1. Question and Answer

Question #11

In Appendix A to Annex A (Tasking Assessment Procedures), the Crown states that the Contractor “*will be given a minimum of two 2 working days (or any longer time period specified in the draft Task Authorization)*” to submit quotations and specific resource documentation during the Task Authorization process. We do hope that the Crown intends to be flexible with the working-day turnaround time and will provide more than 48 hours of business time in almost every instance. Providing the Crown with multiple resources with S1000D experience will present significant challenges that will almost certainly necessitate recruiting commitments of well over 2 working days. Particularly so with the Business Analyst category, where up to 12 resources may be required at any given time. Depending on how many resources are required simultaneously, the Contractor(s) may need to conduct nationwide searches. **Do you expect that the Crown will allow for more than 2 business days of turnaround time with most/all Task Authorizations?**

Response #11

Normally, the contractor will be given more than 2 working days of turnaround time to submit a quotation. A response with a 2 working days turnaround time will be required only in cases where there is an urgent need for a resource.
