Amendment number 001 to Request for Proposal (RFP) 08283-200551/A which closes March 29, 2021 at 2:00 p.m. is raised to:

1. Respond to questions received from bidders and provide the following additional information:

Q1: Could you please advise what voltage you require for small and large air purifier units?

A1: Units must be either 110V or 220V.

Q2: Would the client be willing to accept a product in the "Small Unit Air Purifier" category that is approximately 60kg?

A2: No. The maximum weight considered for a "small" air purifier is 10kg.

Q3: We have CE but not CSA is this a no go item if we do not have it?

A3: CE marking does not prove conformity with Canadian safety standards.

Q4: We have a product that puts Dry Hydrogen Peroxide into the air and I would like to know if you would accept a proposal for our product in response to your RFP.

A4: Any product that meets the requirements could be considered.

Q5: Could you please clarify does the end-user require portable units for the small units or ceiling mounted?

A5: The small units must be portable.

Q6: If ceiling mount what type of ceiling solid or drop?

A6: N/A

Q7: For the large units again portable or ceiling mounted and type of ceiling?

A7: The large units must be portable.

All other terms and conditions of the Request for Proposal remain unchanged.
