The following question was posed by industry:

Q1: With reference to Annex A, Statement of Requirement 19). One (1) Reusable aluminum air cargo storage/deployment crate with dimensions of 180 cm x 180 cm x 180 cm.

There are many variations of the air cargo storage container such as where the doors are located, shapes and sizes.

Are there any schematics or drawings that can be provided?

R1: As indicated in the Annex A-Requirement, the container shall be 180 cm x 180 cm x 180 cm, a cube shape. Therefore, it should be 5 solid sides and one completely open side with two doors.
