**Title:**  
RFSO Lab Testing Program to Assess Drinking Water Quality on Rouge National Urban Park Properties

---

Amendment 001 is raised to answer questions from bidders.

**Q1.** This RFSO states that the lab must be within a 75km radius to an address in Markham – this disqualifies all but a couple of laboratories for this bid. Would a depot location within this radius be acceptable seeing as though the samples would be transferred and begun to be analyzed on the same day they were collected anyways?

**A1.** Parks Canada will accept a drop off depot location within the 75 km radius given that the samples would be analyzed within their specific holding time. Please specify on the bid; 1. address of drop off depot 2. address of the laboratory, and 3. method of transportation to meet holding time requirement.

**ALL OTHER TERMS & CONDITIONS REMAIN UNCHANGED**
