The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents.

This Addendum is raised to provide the following answers to questions provided by bidders.

Q1

I was reviewing the grass cut areas on google and noticed that RTA#1 in the RFP documents states the entire area to be mowed to 75mm height- When I look at this area in google maps it shows a very small amount of grass to be cut and the rest of the vegetation appears to be trees/forest.

Has this area all been cut since the google map image?

Is this area a large vacant lot covered in grass?

A1

Yes this area was cut on a regular basis last summer.

No this is not a vacant lot it is mostly treed with grass around the buildings and along the road way from the south gate.

Q2

Given there will be no actual site visits because of covid, is there a way for us to perhaps get some pictures of these various sites to make sure we are bidding using the right equipment?

A2

See attached a PDF of the area in question noting the buildings.

See attached pictures:
