Solicitation Amendment No. 001

Title: Cemetery Maintenance for Nova Scotia

1. This solicitation is hereby amended to respond to the following questions:

Question 1:

Is the successful contractor responsible to order and pay for the marker, or is VA placing the order and the successful contractor would deliver and install it at the appropriate site? If the contractor is in fact responsible for this, do you have a list of monument companies in Nova Scotia who are familiar with VA standards?

Answer 1:

The work requirements on the Statement of Work are to supply and install the marker and base/foundation. The successful contractor is responsible for placing the order and paying for new marker with a monument supply company.

Specifications for new markers (i.e. type of stone, size, font, base/foundation, etc.) are contained in Section 4 of the Veterans Affairs Canada National Technical Maintenance Manual (attachment to the Statement of Work).

Most of the major monument supply companies in Nova Scotia should already be familiar with the military markers and specifications.

Once the successful contractor is determined and the contract is awarded, the VAC Project Authority will provide the contractor with a template for the inscription.

Question 2:

Can you provide the dimensions of family markers for alignment?

Answer 2:

We do not have exact dimensions of the family markers that need alignment. Normally these are standard double-size markers (i.e. 36" X 24").

If your bid has already been forwarded and you wish to revise same, please advise.

All other terms and conditions of the solicitation document remain unchanged remain unchanged.

All enquiries concerning this amendment are to be forwarded to:
