Solicitation Amendment 001 is being raised to answer the following bidder question:

Question 1: There are currently 2x DFO/CHS solicitations active for adjoining areas 'SE-Hudson Bay' and 'Separately Ungava' - submittal dates separated by less than a week.

Supplier methodology, and asset selection, may be consistent across projects, or may be adjusted where customer wishes the projects to be 'associated'.

Can CHS please explain any/all intended linkage in evaluation or scoring approach, in received bids for both projects - OR - confirm the level of independence in their respective technical or financial assessment.

Answer 1: There are two separate requirements out at present, as described, however these RFP's are to be treated independently and separately as they are two distinct projects. If a contractor is successful in both requirements, said contractor is expected to meet all contractual obligations as stipulated in the respective contracts.

All other terms and conditions remain unchanged.
