**This Amendment is raised to publish questions and answers.**

**QUESTION AND ANSWERS- SERIE I**

**Q1. Clarify whether Canada will consider Engineering Firms as the Prime Consultant for this NPP. The RFAP calls for an architect prime consultant**

**A1.** Please refer to Appendix G - Project Brief/ Terms of references - Section PD 2 – Project identification : PWGSC intends to retain an architectural firm in the capacity of Prime Consultant, supported by a multidisciplinary team of sub—consultants. No change will be made at this point.

**Q2. Will PSPC make the studies noted in the rfp available to proponents?**

**A2.** Please refer to Project Brief - Section PD 8 – Existing documentation : existing studies and report will be made available at contract award to the selected proponent. No change will be made at this point.

**Q3. The methodology for scoring fees is not fair and reasonable. Fee proposals only a few dollars apart will score 2 points differently. Trivial differences are not a fair and reasonable basis of deciding the winning proponent. We request the scoring be revised to a proportional system that fairly represents the actually difference in value in pricing.**

**A3.** The methodology for scoring the price proposals is the formula / structure commonly used for this type of PWGSC solicitation. Neither the responsive proposal obtaining the highest technical score nor the one with the lowest evaluation price will necessarily be accepted. The responsive proposal with the highest combined rating of technical merit and price will be recommended for award of a contract. No change will be made at this point.

**Q4. Kindly advise if engineering company is eligible as per bid conditions.**

**A4.** Please refer to A1.

**Q5. Can you confirm this RFP is open to the public or are respondents (for Prime Consultant) limited to roster members?**

**A5.** All interested suppliers may submit a bid.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
