THIS SOLICITATION AMENDMENT 002 IS ISSUED TO:

1. provide answers bidder questions on the Invitation to Qualify.

Table of ITQ Questions and Answers

Amendment 002		
No.	Question	Answer
1	Ref: 1.2.3 Scope of Anticipated Procurement: It is Canada’s intention to have an iterative and phased approach to the implementation.” Does this infer that Canada will require a development and project management approach to implementing CD-DAR (in the same approach used for Net C2 ISAC) rather than Canada procuring COTS/MOTS/GOTS security tools as a complete solution?	The CD-DAR Project’s intention is to request a design and delivery of the capability based on COTS/MOTS/GOTS solutions. The solution(s) will be integrated through an iterative and phased approach by a Prime Integrator into a full and complete solution for the CD-DAR Project.
2	Does Canada anticipate that DND will act as the integrator for the CD-DAR solutions procured under contract or will industry be required to integrate them to CFNOC?	The CD-DAR capability integration within DND/CAF will be undertaken by the Prime Integrator, in coordination/direction of the PM Team.
3	Ref: Annex A, Table 1 – M1 – “FVEY Nations”. Does this reference a military or government customer within US, UK, Australia, NZ or CAN or can the project reference come from a non-government entity within those FVEY nations?	“FVEY Nations” does not refer to military or government customer, but any customer within AUS, CAN, NZ, UK or US so the project reference may come from a non-government entity within one of the FVEY nations.
4	Will the Government release the documents in Word version for easier transcription for responses?	Canada will not release the documents in MS Word. Suppliers are directed to use the features of PDF software to convert the documents into editable text.
