This Solicitation Amendment No. two (002) is raised to include the following addendum no. 002.

The following addendum to the tender documents is effective immediately. This addendum shall form part of the contract documents.

All other terms and conditions remain the same.

Addendum No. 002.

**(1)** This solicitation is hereby amended to provide the following questions and answers:

Q1: Could we please get a copy of the CAD file?

A1: See Attachments

Q2: Cat 6 table 1D, for item 1 - will the Client also respectfully also accept a sled base?

A2: Unfortunately no, the client requested 4 legs for this chair type.

Q3: Cat 6 table 1I, Non-SA locker bench - we ask the Client to also respectfully accept a bench with an H-frame and upholstered vinyl seat at 42.5"W.

A3: See amended Table 1I.

Q4: Cat 6 table 1G item 5 6STCWRXXLUXXXXXXNNX - the description does not meet the requirements of the SA for this GoCUID. Please in addition also accept the SA specifications for this GoCUID or move to Non-SA.

A4: This GoCuid meets the description: it's for a tablet arm lounge chair.

Q5: Cat 6 table 1G, item 1 6SLCWAXXFUXXXXXXMXMX - the description says with matching ottoman, however, an ottoman is not part of the SA spec for this GoCUID, please treat this component only as NSA or assign to GoCUID.

A5: See amended Table 1G.

Q6: Cat 6 table 1E - can you please expand on what the NSA requirement is for NSA #1 coffee table, all it says is 30"dia but the equivalent GoCUID is for a 30" dia. table?

A6: See amended Table 1E.

Q7: Could you please advise if the project is in phases? If so, could you please clarify:

a) the total number of phases;

b) the approximate date of each phase; and

c) which items and quantity of each item are to be included in each phase?

A7: The project will be phased by floors, each items is to be shipped and installed by floors starting with the 5<sup>th</sup> floor as shown in the delivery and installation tables. Each item is identified on the plans by it's corresponding code in the product description (i.e. TA-11, CH-

03...). The 5<sup>th</sup> floor will be ready in September and the other ones will be probably 2-3 weeks apart. The construction schedule is getting revised and will be available after contract award.

Q8: Will the shipping location be able to accommodate a 53 foot trailer for the delivery of the goods? If not, what is the maximum truck length the location is able to accommodate?

A8: Yes, unloading will take place on Barker House Lane behind the building.

Q9: Could you please confirm if the location has a loading dock?

A9: No loading dock.

Q10: Is street off-loading required?

A10: Yes, on Barker House Ln.
