### 2.3 Former Public Servant

In order to comply with Treasury Board policies and directives on contracts awarded to FPS, offerors must provide the information required below before the issuance of a standing offer. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of offers is completed, Canada will inform the Offeror of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the offer non-responsive.

### Definitions

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the <u>*Financial*</u> <u>*Administration Act*</u> R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or

d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the <u>Public Service Superannuation</u> <u>Act</u> (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the <u>Supplementary Retirement</u> <u>Benefits Act</u>, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the <u>Canadian Forces Superannuation Act</u>, R.S., 1985, c. C-17, the <u>Defence Services Pension</u> <u>Continuation Act</u>, 1970, c. D-3, the <u>Royal Canadian Mounted Police Pension Continuation Act</u>, 1970, c. R-10, and the <u>Royal Canadian Mounted Police Superannuation Act</u>, R.S., 1985, c. R-11, the <u>Members of Parliament Retiring Allowances Act</u>, R.S. 1985, c. M-5, and that portion of pension payable to the <u>Canada Pension Plan Act</u>, R.S., 1985, c. C-8.

### Former Public Servant in Receipt of a Pension

If so, the Offeror must provide the following information, for all FPS in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Offerors agree that the successful Offeror's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with <u>Contracting Policy Notice: 2019-01</u> and the <u>Guidelines on the Proactive Disclosure of Contracts</u>.

### Work Force Adjustment Directive

Is the Offeror a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **YES** ( ) **NO** ( )

If so, the Offeror must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

# 2.4 Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than 10 calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that offerors do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

### 2.5 Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

### 2.6 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential offerors to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages offerors to first bring their concerns to the attention of the Contracting Authority. Canada's <u>Buy and Sell</u> website, under the heading "<u>Bid Challenge and Recourse Mechanisms</u>" contains information on potential complaint bodies such as:
  - Office of the Procurement Ombudsman (OPO)
  - Canadian International Trade Tribunal (CITT)
- (c) Offerors should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Offerors should therefore act quickly when they want to challenge any aspect of the procurement process.

#### 4.1 **Evaluation Procedures**

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.

If the Pricing Schedule is not completed in its entirety (SACC P2011T – Paper – Price Adjustment – Offer section is optional), a price of zero will be assigned for the component(s) not filled out and the Offeror will be provided an opportunity to agree with the zero amount. If the Offeror agrees, then the Pricing Schedule will be considered compliant. However, if the Offeror disagrees then the offer will be found non-compliant and no further evaluation will be done.

4.1.2.2 Estimated quantities provided in the following tables are for evaluation purposes only:

- Table 1 Premium Service Markups
- Table 2 Standard Service Prices Letter Size (8.5" x 11")
- Table 3 Standard Service Prices Legal Size (8.5" x 14")
- Table 4 Standard Service Prices Ledger Size (11" x 17")
- Table 5 Standard Service Prices and Rates Miscellaneous
- 4.1.2.3 Offers are to be submitted in Canadian currency, applicable taxes excluded.
- 4.1.2.4 The sum of the Evaluated Price Per Item in Table 1 through Table 5 in Attachment 1 To
   Part 4 Financial Evaluation Pricing Schedule for the initial period and Option Periods
   1-3 will constitute the total evaluated price of the financial offer.
- 4.1.2.5 The "Evaluated Price, Row Subtotal" (EPsubn) of each service item in Table 2 through Table 5 will be calculated by combining the "standard service" prices/rates and "premium services" mark-up percentages submitted by the Offeror, together with the estimated volumes per period identified in columns "S", "T", "U" and "V".

Calculation steps for "Evaluated Price, Row Subtotal" (EPsubn) of each service item in Table 2 through Table 5:

step 1: The "standard" unit prices or rates provided by the Offeror for the Initial Period (R), Option Period 1 (S), Option Period 2 (T), and Option Period 3 (U) will each be multiplied by the Estimated "Standard" Quantity Per Period (Vs) and the 4 results then added together.

step 3: The "standard" unit prices or rates provided by the Offeror for the Initial Period (R), Option Period 1 (S), Option Period 2 (T), and Option Period 3 (U) will each be augmented by the Offeror's "Urgent" Mark-up Percentage (P2) and then will each be multiplied by the Estimated "Urgent" Quantity Per Period (Vu) and the 4 results then added together.

step 4: The "standard" unit prices or rates provided by the Offeror for the Initial Period (R), Option Period 1 (S), Option Period 2 (T), and Option Period 3 (U) will each be augmented by the Offeror's "After-Hours" Mark-up Percentage(P3) and then will each be multiplied by the Estimated "After-Hours" Quantity Per Period (Va) and the 4 results then added together.

step 5: The values obtained in steps 1 through 4 are then added together to produce the "Evaluated Price, Row Subtotal" (EPsubn) of the service item.

Once the "Evaluated Price, Row Subtotal" (EPsubn) has been calculated for all service items in Table 2 through Table 5, the sum of those prices will be represent the Total Evaluated Price of the Financial Offer (FO\$).

- 4.1.2.6 The prices, rates and information provided by the Offeror in Attachment 1 To Part 4 Financial Evaluation - Pricing Schedule will become effective if the Offeror is selected for issuance of the Standing Offer.
- 4.1.2.7 The price of the offer will be evaluated in Canadian dollars, Applicable Taxes excluded, FOB destination, Canadian customs duties and excise taxes included.

### STATEMENT OF WORK

### 1 TITLE

Printing & Reprography Services for the Department of Justice Canada Ontario Regional Office (ORO).

### 2 OBJECTIVE

To obtain printing & reprography services on an "as and when" requested basis for the Department of Justice Canada's Ontario Regional Office, located in Toronto, in support of providing legal services to the Government of Canada.

### **3 BACKGROUND**

The Department of Justice Canada (JUS) is the legal services provider for the Government of Canada. In that capacity, Justice has an ongoing requirement to obtain printing services in support of our legal operations. Services required are those related to copying or printing from electronic format (primarily PDF), binding short, medium and long-run documents and scanning paper documents to electronic format (i.e. PDF).

The printed and electronic documents in question have a security classification no higher than "**PROTECTED B**" and pertain to the current activities of the Department of Justice. Based on previous history, the estimated annual quantity is approximately 2,500,000 copies.

### **4 REQUIREMENT DESCRIPTION**

### 4.1 SCOPE

The Contractor must provide all facilities, equipment, material and labour to carry out the Work. There are no additional charges for overruns/underruns and author's alterations are not allowed.

Original material may be supplied to the Contractor by JUS in either electronic or hard copy format which range from legal documents and legal cases to printed material, maps, boxes of materials of various size and shape, etc. to support case work.

The Work may require removal of staples and other bindings from originals within the requested timelines. Some original documents may have Post-It notes attached, for which will have to be removed/reattached and transcribed onto the copies.

The work required contains protected information. In handling all requests and documents, it is the Contractor's responsibility to ensure steps are taken to secure the information and documents therein.

JUS may also, at its sole discretion, supply printing and binding materials as required to complete individual print requests.

### 4.2 SUPPLIES

Paper used by the Contractor must be white, 20 lb bond and contain at least 30% post-consumer waste\*. Coloured paper must be 20-24 lb bond and contain at least 30% post-consumer waste\*. Cover stock must be 50- 67 lb with at least 20% post-consumer waste\*.

\*Post-consumer waste in paper is defined as content that comes specifically from products that have passed through their end use as a consumer item. It is retrieved through residential and commercial

recycling programs.

From an environmental perspective, the higher the post-consumer content the better, as this supports collection programs that help "close the loop" and reduce the amount of waste going into the landfill (Reference:http://jusnet.justice.gc.ca/eng/about-apropos/pdsg-pdwl/contract-approv/recycled\_paper.html). Coloured paper (20-24 lb) and cover stock (50-67 lb) should be available in (but not limited to) the following colours: light (baby) blue, buff, mint green, emerald green, cream/ivory, red, grey, orange, purple, pink, tan, yellow, burgundy, gold, white, and clear.

All indexes must have black print and be only one sided. Alphabetical indexes (tabs A to Z) must be cut 1/26e, numerical indexes (tabs 1 to ...) must be cut 1/25e, and custom indexes (custom tabs) must be available in different cuts, which can include but are not limited to: 1/5e, 1/10e, 1/25e, 1/26e, etc. The Contractor must supply all indexes with tabs. Indexes may be required individually and/or in sets, in accordance with the work to be done.

The Contractor must supply all packaging and containers. These items can include envelopes, bubble envelopes, cardboard boxes and tubes, paper wrap and plastic wrap.

# FIVE (5) HOURS OF AVAILABILITY AND SERVICE TIMEFRAMES

The Contractor must provide services during the core working hours of the Department of Justice Canada's Ontario Regional Office. Those core working hours are from 8:00 a.m. to 5:00 p.m. Monday to Friday, excluding statutory holidays except Ontario Family Day. Specific printing services requests may require completion outside of these core hours. Printing services requests subject to a surcharge (markup rate for Rush Service, Urgent Service, or Services Performed Outside Core Working Hours) must have the surcharge specifically authorized in advance by the Department of Justice's identified Project Authority.

Services are to be provided "as and when requested" according to the following service timeframes (excluding weekends and statutory holidays except Ontario Family Day):

- **Standard Service**: Delivery to the client within twenty-four (24) hours (core working hours) of the Contractor's possession of the Printing Services Request Form and original documents

### - Premium Services (subject to surcharge)

When authorized in writing by the Project Authority, percentage markups of the standard rate, as indicated inTable 5 of Annex B – Basis of Payment, can be applied to the following:

• **Rush Service**: Delivery to the client within four (4) hours of the Contractor's possession of the Printing Services Request Form and original documents

• **Urgent Service**: Delivery to the client within two (2) hours of the Contractor's possession of the Printing Services Request Form and original documents

• **Services Performed Outside Core Working Hours**: For Rush Services or Urgent Service requests where some or all of the Work will take place outside core hours in order to meet service timelines.

# **6 SERVICE REQUEST PROCEDURES**

6.1 The Identified User(s) will issue a Call-up Against a Standing Offer for estimated work usage.

6.2 For each specific work requirement the client will complete the Printing Services Request Form attached as Annex D. On the form, they will indicate the service level required for the request (Standard, Rush, Urgent, Outside of Core Working Hours) and which call-up it corresponds to.

6.3 In the event there are two (2) resulting Offerors: The client will contact the Offeror assigned to their section to verify that they can complete the order within the requested service level timeframe. If that

offeror cannot meet the indicated timeframe, then the client is to document this in writing and proceed to contact the other offeror to see if they can complete the order.

In the event there is one (1) resulting Offeror: The client will contact the Offeror to verify that they can complete the order within the request service level timeframe.

6.4 If the Offeror confirms their availability to complete the work, arrangements are then made between the Offeror and client for the Offeror to obtain possession of the Printing Services Request form and original documents to be processed for the request. At this time, the Offeror becomes the Contractor. Either the Contractor must pick up the form and applicable documents from the client's location or the client will bring the form and documents to the Contractor to process (will vary depending on each requirement and service level selected, as agreed upon between the Contractor and client). The timeframe for the applicable service level begins when the Contractor gains possession of the completed Printing Services Request Form and documents. The client will identify the highest level of security classification applicable for the specific requirement on the Print Services Request Form.

# 7 LOCATION OF WORK

The Contractor must perform the work in the area of Toronto described in Part 1, section 1.2.

### **8 SECURE PICK UP AND DELIVERY OF REQUIREMENTS**

The Contractor must return to the client, at the time of delivery, all original components used in the printing process in the same condition as they were received. All items remain the responsibility of the Contractor until delivered and accepted by the Department of Justice Canada.

completed Work and original documents with them. For Urgent Service requests that cannot be done while the client waits, the Contractor's on-site manager or designate will inform the client by telephone or email once the Work has been completed, so the Work and original documents can be picked up, or advise them of when they will receive the Work and original documents.
