This Solicitation Amendment No. two (2) is raised to include the following Addendum No. two (2).

The following Addendum to the tender is effective immediately. This addendum shall form part of the contract documents.

**All other terms and conditions remain the same.**

### **1. Questions and Answers**

**Q1.** After checking, in the document Cap Aux Meule Package, I found 2 different types fenders (leg fender & cone fender), but the qty is in total as below. In my opinion, the separate qty should be 10 pcs of leg fenders, 3 pcs of cone fenders after checking the whole layout. Pls check if it's correct. And I still need the dimension and performance data of the cone fender here. Are they the same as the cone fender in the other document Souris Package?

**A2.** All fenders are to be conic fenders as shown in drawing labelled Proposed Conditions and General Layout and Section, and as detailed in the technical specifications. Design criteria for the conic fenders and material specifications are detailed in section 35 59 13.19 1.8 and 2.1 respectively in the technical specifications for each site.
