Amendment number 001 to Request for Proposal (RFP) M7594-206588/C which closes May 31, 2021 at 2:00 p.m. is raised to respond to questions received from bidders and provide updated Statement of Requirement (SOR) at page 12.

---

1. Incorporate the following responses to questions from bidders and additional information into the solicitation.

**Q1** – In regard to the SOR, please clarify the following:

3.7.2.2 states “Heating, cooling and ventilation must maintain the interior operating temperatures specified in item 3.2.15 above, taking into consideration local climatic data, solar heat gain, and interior communication equipment heat loads;”

I think you meant to specify item 3.2.14 (point 1, 2, and 3).

Correct me if I am mistaken.

**A1** – You are correct.

**Q2** - Will the RCMP C-Vision entertain aluminum shelters like the ones I build for RCMP E-division?

**A2** - No substitution for aluminum will be considered.

- 
2. At page **12** of **17** of Annex A – Statement of Requirement (SOR), **DELETE** article 3.7.2.2 in its entirety and **INSERT**:

**3.7.2.2** Heating, cooling and ventilation must maintain the interior operating temperatures specified in item 3.2.14 above, taking into consideration local climatic data, solar heat gain, and interior communication equipment heat loads;

**All other terms and conditions of the Request for Proposal remain unchanged.**
