Amendment 007 of Solicitation # 5000056863 is raised to answer questions received.

QUESTIONS AND ANSWERS

- Q1. We do not believe that an adequate answer was provided to Question 26 on Addendum 4. ITT revision 4 addresses how to submit a bid bond electronically, but not a **security deposit**. As per GI08 (2018-06-21), “the bidder shall submit bid security with the bid in the form of a bid bond **or** a security deposit”. Please advise how we can submit a security deposit electronically?
- A1. A **security deposit** such as a bank draft, money order or bill of exchange (i.e. certified cheque) may be submitted in the form of an electronic PDF file, verifiable by Canada with respect to the totality and wholeness of the security deposit, with all signatures. The security deposit can be provided in one of two ways:
- Electronic PDF file with embedded digital certificate including content, digital signatures and digital seals of the issuing government or banking institution; or
 - Electronic PDF of a scanned copy of the security deposit including content, signatures and seals of the issuing government or banking institution.
- Q2. We may be required to send a hard copy directly to your office from our Bonding Agent. Please provide the physical address as it is not apparent on the ITT.
- A2. Canada will **not** accept Bids or bid security such as bid bonds or security deposits via hard copy. Only electronic submissions of Bids and bid security are allowed at this time.
- Q3. As an option to submit the electronic bid bond, can you please confirm what formats (provided for E bonds) are compatible with Canada as per amendment:
- b. The version submitted must be viewable, printable and storable in standard electronic file formats compatible with Canada, and in a single file, allowable format pdf.
- A3. The format acceptable is PDF.

All other terms and conditions of the Bid Solicitation remain the same.
