**Construction Laboratory Services**

**AMENDMENT 005**

**THE REQUEST FOR STANDING OFFER DOCUMENT IS MODIFIED AS MENTIONED BELOW:**

Tenderers are advised that the following “*Answers to questions from bidders*” form integral part of the tender documents.

***Answers to questions from bidders***

Questions # 13 to 15		
Number	Questions	Answers
#13	Can you clarify if there are specific terms and conditions for submitting more than one offer, one for each zone, using the Postel Connection? For example, do we need to open three (3) separate conversations (is this possible?), or send three (3) messages in the same conversation, or is there another way?	Offerors must use a single conversation to submit more than one offer for each of the areas identified in the Request for Standing Offers.
#14	The hourly rate of the Senior Site Technician (3 hours in the field): <ul style="list-style-type: none"><li>Considering that the title of column B is "Fixed hourly rates", can you tell us that the rate to be entered is a rate for three hours?</li></ul>	Yes. See note 5 under each table for other items that must be included in the amount.
#15	Considering that there will be drilling work, can you tell us if the remuneration for these activities will be carried out with the same ratio as the testing section of the price schedule?	No, this rate is used for the hourly part of the mandate of the on-site tests. For the part of the studies, it will be a lump sum agreement that will generally be targeted.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
