---

Amendment 002 is raised to answer questions from bidder.

- Q1.** Reference the above solicitation for Sable Island Sea-Based cargo delivery and storage, can Canada confirm the listed small, medium and large scale operation estimated quantities in Table A, P39, are the total number for the duration of the contract period?
- A1.** The listed small, medium and large scale operation estimated quantities are the total number for the duration of the contract period (July 1 2021-Dec 31 2023). However, as indicated, these are estimates. There could be fewer large scale operations but this decrease would be compensated by a potentially greater number of medium scale operations depending on the type, quantity, and timing of materials to be transported annually. However, there is a preference to move materials with large scale operations rather than with more frequent medium or small scale operations.

**ALL OTHER TERMS & CONDITIONS REMAIN UNCHANGED**
