**The following changes to the tender documents are effective immediately. This amendment will form part of the contract documents.**

Amendment 001 is issued for the following:

- (1) Bidders' Question and Response; and
- (2) Issue Addendum 1

---

**(1) Bidder Question & Answer**

**QUESTION # 1:**

Upon reviewing your Specification for the above mentioned project, we would appreciate your consideration in approving a Gypsum Fiber Roof Board under the following Section:

SECTION 07 52 00 MODIFIED BITUMINOUS MEMBRANE ROOFING (PAGE 4/15)

2.2 DECK COVERING AND SHEATHING

2.2.1 Glass Mat, Gypsum Board: to ASTM C1177

REQUEST TO ADD: Gypsum Fiber Roof Board: to ASTM C1278

The Gypsum Fiber Roof Board is a homogeneous panel with similar features and benefits but without a glass facer, therefore it falls under ASTM C1278 instead of C1177.

This allows for an exceptional bond in adhered systems, and there is no risk of facer delamination. It has exceptional wind uplift and twice the compressive strength compared to our competition.

I have attached a data sheet and comparison chart on the CGC Securock Gypsum Fiber Roof Board for your review. May we suggest you include ASTM C1278 to provide competitive bidding

**ANSWER # 1:**

---

**QUESTION # 02:**

Could you see if we can get some of these systems approved as an alternate equivalent instead of the custom steel galvanized guardrail?

All systems are from Skyline group.

- Roofbarrier 5001 series Non-penetrating guardrail OR
- Roofbarrier 5001 series penetrating guardrail OR
- 4001 series sentry system

**ANSWER # 02:**

A2 –

No substitution of railing material will be allowed follow plans and specs
