SOLICITATION AMENDMENT 003

This solicitation amendment is raised to:

1. Revise the Request for Proposal and
2. Provide answers to Bidders questions in relation to this solicitation.

Note to Bidders:

*In accordance with Article 2.3 (a), the deadline for submitting questions and enquiries was June 12th, 2021
Canada makes no commitment to provide answers to questions submitted after that deadline.*

1. Revision

Delete: APPENDIX C TO ANNEX A - RESOURCES ASSESSMENT CRITERIA AND RESPONSE TABLE in its entirety.

Insert: APPENDIX C TO ANNEX A - RESOURCES ASSESSMENT CRITERIA AND RESPONSE TABLE (as revised on June 16, 2021) included in Appendix A-1 below

- 2) At ATTACHMENT 4.1 - MANDATORY EVALUATION CRITERIA (as revised on June 10 2021)

Delete: ATTACHMENT 4.1 - MANDATORY EVALUATION CRITERIA (as revised on June 10, 2021) in its entirety.

Insert: ATTACHMENT 4.1 - MANDATORY EVALUATION CRITERIA (as revised on June 16, 2021) included in Appendix A-1 below

All other Terms and Conditions remain unchanged.

2. Questions and Answers

For all previous questions and answers, Bidders should refer to previous solicitation amendments.

Question #10

Resource Mandatory Criteria M3.1.12 requires a minimum of five years recent experience plus an additional five years of experience in training/coaching development personnel in using IBM Pacbase/CSSD. This requirement is overly restrictive for the following reasons:

- Pacbase is a legacy system that is not commonly used in the federal government outside DND and rarely used today in the industry in general.
- Five years of recent experience, defined as five years within the last five years, leaves no room for a resource to have any break in service over the last five years, even a single month, which often occurs between contracts.
- IBM discontinued support for Pacbase in 2015, and as it has not been modified or updated in the last five years, training/coaching experience gained specifically during this timeframe would add no significant value to the Crown.
- Ten years of training/coaching experience with Pacbase, without the restrictive requirement for recent experience, would still ensure the availability of a highly qualified resource.

Solicitation No. - N° de l'invitation W6369-210239/A	Amd. No. - N° de la modif. 003	Buyer ID - Id de l'acheteur 009ips
Client Ref. No. - N° de réf. du client W W6369-210239/A	File No. - N° du dossier 009ips. W6369-210239/A	CCC No. /N° CCC - FMS No./N° VME

In keeping with the Government of Canada's commitment to an open, fair, and transparent procurement process, will DND modify Resource Mandatory Criteria M3.1.12 to require "a minimum of ten years of experience within the last fifteen years in training/coaching development personnel in using IBM Pacbase/CSSD."

Answer #10

Canada concurs with modifying Resource Mandatory Criteria M3.1.12 to require "a minimum of five years of experience within the last fifteen years in training/coaching development personnel in using IBM Pacbase/CSSD. Please refer to item 2) of Revision above

Question #11

RFP W6369-210239/A was posted to Buy and Sell on May 19, 2021 and the first amendment wasn't released until June 4, 2021. The second amendment followed a week later on June 10, 2021 and included questions that were still pending and not addressed in the first amendment. These questions were essential to bidders being able to frame their response to the corporate and resource requirements, limiting the time available for bidders to prepare a full and compliant response. Please grant an additional one-week extension to June 29 to provide bidders with enough time to adequately prepare a quality submission that incorporates the responses provided in the amendments.

Answer #11

Canada does not agree to any further extension of the current RFP deadline of 22 June 2021.

Question #12

Part 5 – Certifications and Additional Information, 5.2. (a) (iii) states: "The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability."

Given that DND is anxious to ensure a smooth and quick transition, we recommend requesting copies of the written and signed confirmation of permission and availability of the resources at time of bid submission.

Answer #12

Part 5 – Certifications and Additional Information, 5.2. (a) (iii) will remain unchanged. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder of his/her availability.

Question #13

While we accept the response to Question 8.1 regarding resources submitted in the bid, the same language defining "recent" is included in the requirements for responses at time of Task Authorization at "APPENDIX C TO ANNEX A - RESOURCES ASSESSMENT CRITERIA AND RESPONSE TABLE": "Recent experience is defined as "experience within the last five (5) years from the date of bid closing."

As a result, for the following categories (all of which include mandatories requiring 5 years of recent experience), none of the resources submitted on the resulting contract could ever have had a break in service for as little as even one month in the 5 years preceding submission:

- A.1 Application/Software Architect – Level 3
- A.7 Programmer/Analyst – Level 3

Solicitation No. - N° de l'invitation W6369-210239/A	Amd. No. - N° de la modif. 003	Buyer ID - Id de l'acheteur 009ips
Client Ref. No. - N° de réf. du client W W6369-210239/A	File No. - N° du dossier 009ips. W6369-210239/A	CCC No. /N° CCC - FMS No./N° VME

A.11 Tester – Level 3

While we appreciate the need for continuous and recent experience, this definition would discriminate against and preclude resources who may have taken time off for medical reasons or familial responsibilities during the pandemic from being onboarded on this contract, or prevent current incumbents from returning to this contract after future leave for any reason. Particularly in light of the ongoing pandemic and the mission-critical nature of the CCPS system, requiring five years of experience within the last five years for multiple mandatory requirements/across multiple grids poses a risk to the Crown in terms of procuring and retaining resources with these specialized skillsets.

We respectfully request that the definition of “recent experience” at the Task Authorization stage be relaxed ONLY for items requiring 5 years of recent experience. For these items, we suggest accepting either 5 years of recent experience OR 5 years of experience including 3 years of **recent** experience within the Department of National Defence.

Answer #13

DND accepts that the current definition of “recent experience” in some cases precludes resources who may have taken time off for medical reasons or familial responsibilities during the pandemic from being selected for this contract and prevents future contract incumbents from returning to the contract after future leave for any reason. DND accepts that in light of the ongoing pandemic and the mission-critical nature of the CCPS system, requiring five years of experience within the last five years for certain mandatory requirements across multiple grids poses a risk to the Crown in terms of procuring and retaining resources with these specialized skillsets. Accordingly, DND agrees to add the following sentence to Appendix C to Annex A, section 1.0 paragraph 3: “For criteria requiring 5 years of recent experience, DND will accept 5 years of experience within the last 7 years.”. Please refer to Article 1) in Revision above.

Question #14

At Attachment 4.2 – Point Rated Criteria, item 4.4 Point-Rated Criteria: Project References:

The requirement is written as “project references”; however, the evaluation is based on “contract” value and duration. Please clarify whether multiple contracts for services on the same project would be counted individually (i.e., as separate projects) or together as a single one. For example, we see that the incumbent was awarded 2 contracts on the same RFP, on which they provide resources to CCPS. Would the Crown consider that one project or two for the purposes of item 4.4?

Answer #14

DND confirms that multiple contracts for services on the same project will be counted individually (i.e. as separate projects) with the evaluation based on contracts’ value and duration.

APPENDIX A-1

APPENDIX C TO ANNEX A - RESOURCES ASSESSMENT CRITERIA AND RESPONSE TABLE

(As revised June 16, 2021)

To facilitate resource assessment, Contractors must prepare and submit a response to a draft Task Authorization using the tables provided in this Annex. When completing the resource grids, the specific information which demonstrates the requested criteria and reference to the page number of the résumé should be incorporated so that Canada can verify this information. The tables should not contain all the project information from the resume. Only the specific answer should be provided.

***Note to Bidders:** Attachment 4.1– Mandatory Evaluation Criteria and Attachment 4.2 Point- Rated Criteria to be inserted and will form part of the resulting Contract.*

1.0 Resources - Mandatory Criteria:

Listing experience without providing any supporting data to describe where and how such experience was obtained will result in the experience not being included for evaluation purposes. Where resumes only provide the year(s) that any relevant experience was acquired, the evaluation team will assume that length of relevant experience to be one month only for the starting and ending years. For example, if experience is stated as between 2018 and 2020, the evaluation team will consider the relevant experience to one month for 2018 (i.e. December), 12 months for 2019 and one month (i.e. January) for 2020 for a total of 14 months.

In the tables that follow, "IT experience" is defined as "hands-on" work experience that deals with the creation or maintenance of computer application software at one or more point in the software development life cycle. Exposure to the software development lifecycle gained while undergoing training or education programs will not be included as "IT experience" for evaluation purposes.

"Recent experience" is defined as experience within the last five (5) years from the date of bid closing. **For criteria requiring 5 years of recent experience, DND will accept 5 years of experience within the last 7 years.**

ATTACHMENT 4.1 - MANDATORY EVALUATION CRITERIA

(as revised on June 16, 2021)

Application Lifecycle Support Services to the Canadian Armed Forces (CAF) Central Computation Pay System (CCPS)

1.0 Bidder - Mandatory Criteria: Corporate Experience. The Bidder must respond to the corporate experience requirements for the CCPS Lifecycle Support Services in his proposal. The corporate experience requirements refer to a demonstration of the Bidder's commitment which reflect the Bidder's ability as a corporate entity to provide the necessary services for the duration of the intended contract period.

1.1 Bidder - Mandatory Criteria: Corporate Experience	Bidder Substantiation	Reference to additional Substantiating Materials included in Bid	Met (Y/N)

Have provided a minimum of five (5) resources working simultaneously for a period of at least six (6) consecutive months. <p>NOTE: The Bidder must have been the prime contractor, rather than a subcontractor. This means that the Bidder contracted directly with the customer of the work. If the Bidder's contract was to perform work which another entity had itself first contracted to perform, the Bidder will not be considered the prime contractor. For example, Z (customer) contracted with Y for services. Y, in turn, entered into a contract with X to provide all or part of these services to Z. In this example, Y is a prime contractor and X is a subcontractor. In order to substantiate compliance with criteria under Bidder's Experience, the Bidder must submit a duly completed and signed Customer Reference Contact Information Form (Attachment 3.3) as well as all supporting documentation specified therein, for each reference contract.</p> <p>For each reference include:</p> <ul style="list-style-type: none"> Project name; Client organization; Start date and duration;

2.0 Bidder - Mandatory Criteria: Transition Strategy and Plan. The Bidder must submit a draft Transition Strategy and Plan for the Transition-In Phase invoked immediately after contract award as part of their proposal. Section 7 of the SOW provides the transition requirements details. The Transition Strategy and Plan is the intended outline plan to put into effect the complete transfer of all CCPS Life Cycle Support Services from the current service provider (the "Incumbent") to the Bidder's contract team.

2.1 Mandatory Requirements: Transition Requirements	Bidder Substantiation	Reference to additional Substantiating Materials included in Bid	Met (Y/N)
TRANSITION STRATEGY & PLAN. The Bidder must provide a strategy & plan including the following:			
M2.1.1 Approach to minimize disruption to pay and pension services and application development and testing during the transition period;			
M2.1.2 Approach to allow effective engagement by DND in formal reviews of the transition and other monitoring activities;			
M2.1.3 Status reporting and other tracking information that will be provided to DND on a regular basis;

3.0 Resources - Mandatory Criteria.

The Bidder must bid each resource only once and must submit a bid for each resource category listed in the tables that follow.

Listing experience without providing any supporting data to describe where and how such experience was obtained will result in the experience not being included for evaluation purposes. Where resumes only provide the year(s) that any relevant experience was acquired, the evaluation team will assume that length of relevant experience to be one month only for the starting and ending years. For example, if experience is stated as between 2018 and 2020, the evaluation team will consider the relevant experience to one month for 2018 (i.e. December), 12 months for 2019 and one month (i.e. January) for 2020 for a total of 14 months.

In the tables that follow, "IT experience" is defined as "hands-on" work experience that deals with the creation or maintenance of computer application software at one or more point in the software development life cycle. Exposure to the software development lifecycle gained while undergoing training or education programs will not be included as "IT experience" for evaluation purposes.

"Recent experience" is defined as experience within the last five (5) years from the date of bid closing.
